WITH UNIVERSITY LEVEL COURSES

4 REASONS TO STUDY...

SPEND LESS

Study our HNC/D and top-up courses at a fraction of the price of university with no compromise on quality.

ACHIEVE MORE

Our close industry links will help you get the skills that employers are looking for and put you on course to the career you want.

OUTSTANDING FACILITIES

That's how our students rate Walsall College's world-class campuses.

QUALITY ASSURED

Don't take our word for it, our HE provision, which offers small class sizes and one-to-one support, has been commended by the Quality Assurance Agency for Higher Education.

Jatinder Sharma OBE
Principal and Chief Executive,
Walsall College

WELCOME

... to Walsall College - a college accredited by the Quality Assurance Agency for Higher Education.

With our high quality yet affordable route to degrees, we make it our mission to boost your job prospects and earning potential. If it's a successful career you want, we have a wide range of courses designed with industry input and taught by expert tutors to give you the skills that employers tell us they want. Read the stories about our former students throughout this guide and you'll see for yourself, the emphasis we place on giving students an advantage in the world of work.

There's never been a better time to join us. This year, we have an even wider choice of career focused courses, delivered flexibly to fit around your personal commitments. If you've made the decision to enter into higher education after a break, then the great news is that we've introduced even more Access to HE courses with flexible study options and all the support you need to progress on to your chosen career pathway. If finances have been holding you back from starting a course, you can now apply for a loan to help with the cost of Access course fees.

We're constantly investing in our facilities, like our Digital Engineering Skills Centre and our electric/hybrid vehicle workshops to create an environment that's inspiring and on a par with university campuses across the region.

Walsall College is the perfect setting to prepare you for the current - and future - challenges of your career.

All in a welcoming, personal environment, where we will celebrate your achievements and nurture your aspirations. Your career couldn't be in better hands.

J. Sharma

THE COST-EFFECTIVE WAY TO BOOST YOUR CAREER PROSPECTS

Think you simply can't afford to get on course for the career you want? You can at Walsall College.

Don't let rising university costs and money worries rain on your ambitions when our H1:ED courses are the affordable route.

We've got a whole range of courses that will equip you to start your career with confidence - all at a very reasonable cost. A typical HNC/D costs £5,900* and a Level 6 top-up costs £7,500* a year at Walsall College. That's a lot less than studying at the same level at university. And that's before deducting any awards or help you may be entitled to.

Take a HNC/D with us, and it could springboard you straight into the second or third year of a top-up degree or on many of our pathways you could achieve a full degree right here. It's a clever way to bring the cost of a degree right down, saving you thousands and without compromising on the quality of your education. Studying close to home saves you all the extra costs of living - or even just travelling - away from home. We've got great links with local universities to help you on your way.

*course fees may vary subject to course type

There are grants and loans available to help pay for your tuition and living costs.

Fee Grants and Course Grants

If you are a first-time, new student beginning a part-time course, you won't have to pay any tuition fees up front, but will instead be able to apply for a Tuition Fee Loan. The Tuition Fee Loan isn't based on household income and there's no upper age limit for applying. Part-time students are also eligible to apply for a maintenance loan.

Find out more at

www.gov.uk/apply-online-for-student-finance

If you are studying a full-time HE course, there are grants and loans available to help you with your living costs and tuition fees. Additional funding is available for full-time students who have children, a disability, or an adult who is financially dependent on them. How much you get will depend on your household income and other information.

Apply online at

www.gov.uk/apply-online-for-student-finance

Instalment Plan

If you want to spread the cost, we can arrange an instalment plan on course fees of £100 or more. You will make an initial payment at enrolment and then 3 equal payments after that.

Financial help

The Student Finance England offer means tested loans/grants for Higher Education and may be able to offer you some money towards your course.

Find out more at

www.gov.uk/apply-online-for-student-finance

Bursaries

The College recognises that financial constraints are often a barrier to entry into HE and obtaining a successful outcome. To mitigate the impact of financial hardship the College provides a guaranteed bursary of £800 per academic year for every student (pro-rata for part-time students) who has a household income of below £30,000 per annum and are subject to the minimum attendance criteria of 90% per term.

For more information about any of the above, please contact the **Student Support Team** at the Customer Advice and Support Centre or call **01922 657000**.

ADDITIONAL COURSE FEES

There may be additional costs to your studies that are not included in the course fee, such as:

- The cost of additional examinations for any award other than the intended award.
- The cost of personal membership to professional bodies.
- Additional materials beyond the supplied standard provision.
- Optional field trips and activities for personal development.
- Travel costs to and from placements.
- The cost of any Disclosure and Barring Service or Occupational Health Assessment where these are required either by the college or a placement provider.
- Printing and photocopying.
- Library fees and fines.
- Own purchase text books.

Students can apply for extra financial support through loans and bursaries to cover the cost dependent on eligibility. Please enquire at the student service desk for further details.

Learn now. Pay later.

Advanced Learning Loans for Access to HE and Professional courses

If finances have been holding you back from starting a course, you can now apply for a loan to help with the cost of Access to Higher Education and professional course fees if you are aged 19 or over when you start the course.

Your household income isn't taken into account and there's no credit check, and repayments don't start until you are earning over £25,000 per annum.

Find out more at

www.walsallcollege.ac.uk/advanced-learner-loans

or email our Student Finance Team on

admissionsandfinance@walsallcollege.ac.uk

An Advanced Learning Loan Bursary can lead to a total of £750, with part-time being paid at 50% of the full award. There are 5 payments in total paid half termly. Please note a relevant criteria will need to be met. Please note this loan does not apply to HNC, HND or degree/Level 6 courses.

Advanced Learner Loan

ACHIEVE MORE

So what's the key to getting ahead in your chosen career?

It's making sure that the skills you have developed are those that are prized by your chosen industry sector. These will be technical skills and competencies, but also those wider people skills that employers are looking for. You may be looking to work in areas where the local economy is growing, or be thinking of opportunities further afield. Our courses are designed to develop the person, so you can take advantage of changing opportunities as they arise.

Industry and Employer led curriculum

Whether you're working on live briefs set by employers, attending workshops, picking up industry-endorsed qualifications or getting hands-on in the workplace, it all gives you the kind of experiences that employers love.

Our courses are developed with the help of a range of employers, giving you access to cutting-edge facilities and expert tuition from industry professionals.

Our students benefit from the expertise of organisations including: Microsoft, The NHS, Francesco Group, Birmingham Hippodrome, Walsall Council, Cisco, Balfour Beatty VINCI and The New Art Gallery, Walsall plus many more!

Employers we work with include

CELEBRATING YOUR SUCCESS!

You've done it! You've put in the hard work. You've got the qualification. It's time to celebrate - graduation day is a big deal here.

We believe wholeheartedly in celebrating our students' successes - so expect a graduation ceremony to rival any

university. Each year, our students parade in their caps and gowns, accompanied by the Town Crier announcing their success.

Over 450 people join in the celebration, including students, family, friends and their proud tutors. Special awards and certificates are presented to our most outstanding students.

Top-of-the range gym facilities

The Littleton Restaurant

OUTSTANDING FACILITIES

Step into our campuses for the first time and you'll be impressed

It's a great place to study. Our fully-equipped Learning Resources Centres and drop-in learning decks combine traditional library services with the very latest technologies and facilities. We've got interactive whiteboards, free Wi-fi and even an exclusive learning deck for our HI:ED students.

It's a fantastic environment - not just for learning but also for leisure. Chat over a cappuccino in our Littleton Bistro. Catch up with friends in the student lounge. Relax on the sofas in our breakout areas or work up a sweat in the gym.

Investing in your future

We've invested heavily in our campuses - and we don't intend to stop. Our state-of-the-art Digital Engineering Skills Centre has been built to address the skills gap within the construction and engineering industries.

The building is also home to advanced construction facilities, including those that assist with the planning, design, construction and maintenance of buildings.

Lecture theatre

Onsite nursery for students

LEAF Vehicle Training Centre

Campus Highlights

- Learning decks that have all the latest technology
- **FREE** Wi-fi access

- CISCO Networking Academy
- Dedicated HE deck and lounge

QUALITY ASSURED

ACHIEVE SUCCESS ON QUALITY ASSURED COURSES

Gain a high quality education that's also excellent value for money, whilst being able to live local and maintain your work/life network.

Our courses have been commended by the Quality Assurance Agency for Higher Education and praised for the learning opportunities afforded to students.

Small class sizes and the personalised support you'll receive from lecturers and experts in their field will increase your skills and career prospects.

University Partnerships

Walsall College has collaborative arrangements with a number of local universities, including Birmingham City University the University of Worcester, and Staffordshire University.

Affiliate Member 20-21

HIGHLY RECOMMENDED

ENDORSED BY GRADUATES WHO'VE GONE ON TO ACHIEVE SUCCESS, TAUGHT BY SPECIALISTS

We listen to our students and give them the opportunity to voice their opinions via student conferences and student surveys.

MEET SOME OF OUR SPECIALIST TUTORS

Selected from thousands of nominations, Media tutor Melissa has been honoured as one of 102 Pearson National Teaching Silver Award winners across the country. Melissa Tisdale was honoured with a Silver Award in The Award for FE Lecturer of the Year for their outstanding commitment to changing the lives of the children they work with every day. She is also one of six National Teaching Awards FE Lecturer of the Year silver winners.

Melissa has some of the highest achieving media learners in the country and her success comes from her independent production company, run by students where they can gain valuable real-world work experience on external commissions, including filming and editing for the NHS.

Chris has nearly a decade's worth of experience in the hospitality and catering industry, particularly in fine dining and gourmet cooking. He began his career as a Commis Chef at the Fairlawns Hotel and Spa in Aldridge. He then went on to work in senior roles for a wide range of high-end restaurants, including the contemporary Opus restaurant in Birmingham and the Moddershall Oaks Country spa.

"One of my favourite aspects of my role as a senior chef was working with and developing young chefs, watching them progress and reach their true potential. It was a great feeling watching these chefs take on better roles and being told that I played a part in that.

"To be able to help develop new chefs in an academic environment is a great opportunity for me to help better young chef's chances of achieving all they can. It's a way of giving back to the industry, and giving trainees the same time and energy my senior chefs gave to me as a young chef.

"The best thing about teaching is seeing the students produce some amazing food, and progressing not only in the kitchen but academically and as young professionals."

What do our students love about HI:ED?

"My overall time at Walsall College has been a very good experience for me. I have developed both mentally and physically and the course has made me ready for work outside of education."

"There is a small group of students in each class which allows you to have more one-to-ones with tutors to check understanding and enhance learning. Compared to uni, the course fees are appealing."

"I definitely believe that the skills I have gained on the course will be a great benefit to me in my career!"

"I started at college on a Level 2 course and because of the fantastic support of the tutors I decided to stay on to study towards a foundation degree."

"My tutors were very inspiring and encouraged me to believe in myself."

"Smaller class sizes, personalised tuition and outstanding support!"

YOUR ROUTE TO A DEGREE... AND BEYOND

There's more than one way to get the qualifications to advance your career.

Everyone comes into higher education in different circumstances and with different needs and ambitions. So, if you want to shape your higher education journey differently then we can make this happen; giving you the freedom and flexibility to progress in your journey how and when you choose.

Get to grips with how different HI:ED courses work and how they can provide a cost-effective route to a degree.

*Access to Higher Education courses are for students aged 19+ only

• This includes 90 credit and subsidiary diplomas

□ Level 3 Advanced Apprenticeships can take 1-2 years to complete

"Studying higher education in college was brilliant. It meant I could achieve my HNC and then stop if I wanted to. Or carry on for one more year, achieving another qualification. Whereas if you start a full degree and then stop after a year, you come away with nothing."

Amber-May Beards

Studied: HNC and HND Hospitality Management

COURSES EXPLAINED

How can we improve your Career prospects? From Access to HE courses to get you back in to education, to HNCs and HNDs to full degrees, we can help! Because a degree needn't mean three expensive years at university. Get a HND here at Walsall College and you could go straight onto the final year of a degree course - in some cases right here at Walsall College.

What do I need for a HE course?

Usually one or more of these Level 3 qualifications:

- BTEC/OCR/C&G national qualifications
- Advanced Apprenticeships
- A Diploma
- A Levels
- T Levels
- NVQ Level 3
- International Baccalaureate
- Other specialist and professional qualifications
- Relevant work experience
- Access to HE courses

Entry requirements vary - please check your course details carefully. Some courses may require grade C/4 or above in GCSE English and Maths.

Talk to us on 01922 657000 for personal, tailored advice.

Everyone has access to Higher Education

Access Courses (pre Higher Education)

Access courses are specifically designed to prepare you for progression to Higher Education. They focus on developing the transferable skills required for HE, and provide a vocational foundation to build on.

Pearson BTEC Higher Nationals

Pearson BTEC Higher Nationals (HNs) are nationally recognised qualifications that provide a programme of specialist vocational learning at Levels 4 (HNC) and 5 (HND) which reflects the requirement of professional organisations and meets the National Occupational Standards for each sector or industry.

With their strong emphasis on developing practical skills alongside specialist knowledge and understanding for the sector, BTEC Higher Nationals are recognised internationally by employers as providing students with the key concepts and practical skills for direct progression to - or within - employment.

Higher National Certificate HNC - Level 4 Equivalent to 1st year of university

HNCs are nationally-recognised, career-focused BTEC qualifications at Level 4. They reflect what your industry wants

and needs and they're respected by employers. They're a good route into employment, or, if you want to take your education further, you can go on to study a HND or it can count towards a degree. They can be studied full-time and part-time.

Students who achieve this can progress first to a Pearson BTEC Level 5 Higher National Diploma which offers a greater degree of specialisation and then potentially to degree level.

Higher National Diploma HND - Level 5 Equivalent to 2nd year of university

HNDs are nationally-recognised, career-focused BTEC qualifications at Level 5. Employers value their relevance and practical aspects. At this level you can specialise and may be able to start to work towards professional membership. They take two years of full-time study (or 1 year top-up following a HNC) and you may be able to work while studying. They're a good route straight into your career or you can often go straight into the third year of a degree course, including our own Level 6 top-up courses.

Foundation Degrees - Level 4 and 5 Equivalent to 2nd year of university

Get the knowledge and abilities employers want and develop skills in specialised areas, based on the latest industry practices. Usually lasting two years, they're designed with employers to make them directly relevant to

your career. Study for an extra year at university and you could top it up to a full degree.

Level 6 Top-Up Degrees

Get your degree right here at Walsall College. We're delighted to offer one-year top-up degrees in certain programmes, designed to convert an existing qualification at Level 5 into a full BA honours qualification at Level 6. It's aimed at successful HND/FdA (or equivalent) graduates who want to gain an affordable, accessible university level qualification.

Professional Qualifications

These are vocationally relevant higher level courses to further enhance your skills and career prospects.

Higher Apprenticeships

These are a great way to continue workbased learning at HE level.

They offer opportunities to enrol on a Foundation Degree, HND, Diploma in HE and Degree Courses (you may need additional qualifications for some higher level courses).

Recognising Prior Learning (RPL)

The credits you've achieved at Level 4 HNC can contribute towards your Level 5 HND. Most of our Level 5 HNDs are 'top-up qualifications' which recognise the learning and expertise you already have.

HOW MANY UCAS POINTS DO YOU HAVE?

Use our list and find points for other qualifications at www.ucas.com

Walsall College's very own gym

Student Lounge

The Light Cinema

LIFE OUTSIDE THE CLASSROOM

Like all college and university environments, we encourage our students to make the most of their time with us by enjoying opportunities to socialise, pursue hobbies and interests and take part in activities that will support their job and career prospects.

Here are just some of the things you can do as a higher education student:

Student Union membership

When you enrol on a course with us, you also become a member of Walsall College Students' Union and the National Union of Students (NUS). This means you can help organise, or just take part in college-based events celebrating everything from culture and diversity to local and national festival and calendar events.

Our Students' Union is based in C035 at Wisemore Campus next to the Student Lounge C036. This is a great place to relax, play pool, Xbox, PS4 and meet other students.

You can also support the work of the NUS - promoting, defending and extending the rights of all students. Find out more at www.nus.org.uk

Save money

Apply for a NUS Totum Card and save money at a range of leisure, retail and dining outlets. Full details & application can be found at: <https://www.totum.com/>

Be a Student Representative

If you are inspired by the work of the NUS, you might want to consider taking up the role of Higher Education Officer in our Students' Union. Elections take place in October.

Be active

Join our state-of-the-art gym and take part in a range of classes such as yoga, zumba and pilates.

Give and Take

Give and Take is our unique volunteering programme of activities and events. Have fun, enrich your CV and improve your employment prospects all at the same time. Employers love to see real work-related experience. We'll help you find the volunteering opportunities to develop your skills. You can even set up and run your own student group.

Get to know us

At the beginning of term, visit our Big Hello fresher's fair where you can meet people, discover what Walsall College - and Walsall - have to offer, and most of all, enjoy yourself.

Find out more about all these initiatives and other things happening across our sites through our campus notice boards and our social media.

Make the most of discounts from the following brands plus many more!

Correct at time of print

The NUS promote, defend and extend student rights. Find out more at: www.nus.org.uk

Make the most of Walsall's lively nightlife

GAIN INDUSTRY EXPERIENCE

So what's the key to landing your dream job? It's making sure that the skills you have are exactly the skills the economy needs. Our close industry links mean we know where the jobs are going to be - and how to get you ready for them.

On our higher education courses you will get the opportunity to gain valuable industry insights via:

- Course related trips
- External Placement opportunities
- Live briefs set with employers
- Employer-led talks/masterclasses

Spotlight on talent...

A picture perfect commission for photography students

Two photography students at Walsall College have helped Birmingham and

Solihull's current Bench Chairman settle into his role at Birmingham Magistrates Court by taking his official portrait.

Donna Baggott's black and white photograph of magistrate, David G Warner JP is displayed at the court alongside portraits of former chairs from the last hundred years.

A second photograph taken by student, Grace Dore also hangs in the Mr Warner's office.

The portraits were from a selection of shots taken in the magistrate court library by a group of HNC Photography students.

"I'm quite overwhelmed by the thought that my work is being displayed in such a prominent place and potentially for the next 100 years," said Donna. "Portraiture is my specialism so I was in my comfort zone for this project. That said, the five of us all supported each other during the photoshoot, with one of us directing the shot and someone else assisting lighting so this feels like a collaborative effort.

Grace said: "I feel honoured that my work has been appreciated in this way. Having come into photography later on in life, I haven't always believed in myself or my abilities. For my work to have been chosen by the Bench Chair means I can just enjoy the moment and not doubt myself."

The college students will now be photographing seven other magistrates/district judges over the coming months.

WALSALL COLLEGE GRADUATE

It's not just about learning how to organise an event, creating a CAD image or designing websites. Yes, we'll teach you the skills to do your job - and to do it brilliantly. But at Walsall College, you'll learn so much more than that.

You'll become a Walsall College Graduate. That means you'll leave us as a well-rounded individual, ready to make an instant contribution to your career - with a whole range of skills that employers want, from teamworking to problem solving and communicating.

It means that you're prepared for anything. Wherever your career takes you - onward, upward or even in a completely different direction, you've got the transferable skills to make it a success.

...become a Walsall College Graduate

- **Be skilled:** You will have the commercial skills needed to thrive in your chosen industry sector
- **Be professional:** You will have the additional qualities which will help you stand out against the competition and excel in your career.
- **Be enterprising:** You will have the intuitive skills that will help you to be flexible and adaptable to the changing and challenging world of work

Go for Gold

Really shine and you'll get a silver or gold award, demonstrating to employers and universities that you go above and beyond in developing your transferable skills.

HOW TO APPLY

FOLLOW OUR SIMPLE STEPS TO APPLYING

* subject to proven qualifications
 • interview subject to initial assessment results

You've seen what we can do for you. And - more importantly - you've seen what you can do for yourself. Apply now and get your career moving.

How to apply for a full-time course

- Apply through UCAS, the Universities and Colleges Admissions Service system.
- Apply from Sept 2021 for courses starting 2022.
- Make sure UCAS receives your application by **26 January 2022**, unless it's listed with a **15 October 2021** deadline.
- If you apply **after the deadline**, the College will consider your application on an individual basis if places are still available.
- Find out more at www.ucas.com

How to apply for a part-time course

- Apply directly to **Walsall College** on a college application form (either available online, or call us to request one). Once we have received your application we will arrange an interview with the relevant admissions tutor.

How to apply for Access to Higher Education Courses

- Apply directly to **Walsall College**, do not apply through UCAS. There are fees attached to these courses. For more information, call our Customer Advice and Support Centre on **01922 657000**
- You can now apply for an Advanced Learning Loan to cover tuition fees for an Access to HE course. Find out more about an Advanced Learning Loan at www.walsallcollege.ac.uk/financial-help

Advanced Learner Loan

How, where and when do I apply for financial help?

- Loans are available to help pay for your tuition fee and living costs. Additional support may be available for full-time students if you have a disability, dependants and children. You should apply as early as possible - don't wait until you've been offered a place on a course to find out what student finance you could get.
- Find out what's available and how to apply at www.gov.uk/student-finance
- Get advice on **0300 100 0607** Monday - Friday: **8am - 8pm** Saturday and Sunday: **9am - 4pm** Textphone: **0300 100 0622**
- Estimate your costs for full-time study in advance with the Student Finance Calculator at www.gov.uk/student-finance-calculator
- Find out about student loans at www.gov.uk/student-finance
- Find out more about an Advanced Learning Loan at www.walsallcollege.ac.uk/financial-help

ENTRY REQUIREMENTS

Entry on to our higher education courses is assessed on an individual case by case basis. Qualifications, subjects studied and exam grades are the key measures taken into account, however industry experience and enthusiasm are also highly considered before a decision is made.

All applicants are required to attend an interview to help determine whether the course is suitable for them and if successful completion of the course will help students to make inroads towards their career goals. The interview stage also allows you to ask questions about the course or the college, with a representative from the curriculum team.

Interviews for some courses may also involve additional aspects, such as a review of your portfolio work for creative courses. This will be made clear in your invitation letter. In some cases, it may be a course requirement for you to achieve a Level 2 qualification in either Maths and or English order to progress to higher levels.

It is also likely that applicants will be asked to take an initial assessment at the college to help assess if they require any additional support whilst on the course.

Finally, some courses set an introductory task for students to complete in their own time before enrolment starts. This is designed for you to get a feel for the course which we hope will excite you as your start date approaches.

ACCESS TO HIGHER EDUCATION

Take the first steps to the career you want. Access courses offer the perfect stepping-stone onto our HI:ED courses. They're specially designed to give you the transferable skills - anything from writing essays to problem-solving to IT skills - that you'll need for Higher Education. All skills that will help you in your chosen career. It's also a firm vocational foundation for your next step. And from there? Think big. It's up to you.

University Level Courses

Access to Higher Education Diploma: Business and Law

Access to Higher Education Diploma: Business and Management

Access to Higher Education Diploma: Computing

Access to Higher Education Diploma: Education

Access to Higher Education Diploma: Health

Access to Higher Education Diploma: Public Sector Services and Policing

Access to Higher Education Diploma: Science

Access to Higher Education Diploma: Social Work

Advanced Learner Loan

Learn now. Pay later.

Advanced Learning Loans for Access to HE and Professional Courses.

If finances have been holding you back from starting a course, you can now apply for a loan to help with the cost of Access to Higher Education and professional course fees if you are aged 19 or over when you start the course.

Your household income isn't taken into account, there's no credit check, and repayments don't start until you are earning over £25,000 per annum.

On completion of a degree your Advanced Learning Loan will be paid off.

Please note this loan does not apply to HNC, HND or degree/Level 6 courses.

Natalie Guy

Studied: Access to Health

Progression: Mental Health Nursing Degree at University of Wolverhampton

Natalie Guy never imagined that a short distance learning course would give her the confidence to continue studying all the way up to university level. Now as an undergraduate, she is keen to pursue a role as a mental health advocate, ideally in suicide prevention.

"Helping those experiencing problems with their mental health has always been an ambition," said Natalie. "Having support available to those in need can make all the difference."

Natalie's Access to Health course opened her eyes up to a range of health subjects and disciplines linked to science (body anatomy) and sociology (health studies). The most rewarding part of all was completing a 3,000 word research proposal about diabetes awareness, for which she achieved a Distinction grade.

"Being a student again is one of the best decisions I've made," said Natalie. "I'm the first in my family to go to university and now my sister is at college. I paved the way for her."

"I've made friends for life and found it rewarding to see others progress in the same way I am."

Following her degree, she hopes to gain a Masters qualification before becoming a qualified suicide prevention professional.

Julie Edge

Studied: GCSE Biology, Chemistry and Physics and Access to Science

Progression: Biomedical Science degree at Aston University

After 15 years of working in marketing, Julie Edge decided to try something completely different. Working towards a career as a virology specialist is definitely that.

Her learning journey began with a GCSE Biology and Chemistry qualifications, followed by her Access course and GCSE Physics. Julie is full of praise for her Access course.

"Everything was well organised. It was easy to understand what was expected of me," she recalled. "The idea of doing practicals did make me nervous at first. I wasn't sure about completing all the instructions on time or not being able to present findings to the rest of the group afterwards. There was no need to worry. Support was always available. And my classmates were a mixture of ages and all friendly, so everything went fine."

Julie achieved Distinction grades in all of her units bar one, surpassing the entry requirements for her degree course.

With her interest in scientific research stronger than ever, she is hoping to secure a role with Public Health England or the World Health Organisation. "I'm keen to pursue a role in epidemiology, virology or microbiology research," said Julie.

Access to Higher Education Diploma: Science

36 weeks, full-time, 11 hours per week

Wismore Campus Level 3

Awarding Body: Open College Network West Midlands

ENTRY REQUIREMENTS

- GCSE grade C/Level 4 or above in English or Maths or a willingness to work towards these alongside the Access to Higher Education Diploma should you need them to progress to university.
- Demonstration of Level 2 competency in Literacy and a minimum of Level 1-2 in Numeracy through a rigorous interview, online Initial Assessment and a written comprehension exercise.

QUALIFICATION OBTAINED

Pearson BTEC Level 4 Higher National Certificate (HNC) in Business

UCAS CODE

21NN (for full-time only)

AAT (Association of Accounting Technicians) Level 4 Professional Diploma in Accounting

🕒 2 years, 1 evening per week (part-time)

🏠 Wismore Campus 📊 Level 4

Awarding Body: AAT

ENTRY REQUIREMENTS

- You must have a sound knowledge of accounting principles to undertake the AAT Level 4 programme. Achievement of an AAT Level 3 Advanced Diploma in Accounting is essential.

WHY CHOOSE IT?

This AAT (Association of Accounting Technicians) professional level course is a higher-level accounting qualification. If you successfully complete this qualification and fulfil the AAT's work experience requirements, you can apply for AAT full membership and achieve professional AAT Accountant status. The Professional Diploma in Accounting can lead to the achievement of professional AAT (MAAT) status.

Employment opportunities include; Accounts Payable and Expenses Supervisor, Assistant Financial Accountant, Commercial Analyst, Cost Accountant, Indirect Tax Manager, Payments and Billing Manager, Payroll Manager, Senior Finance Officer, Senior Insolvency Administrator, Tax Supervisor, VAT Accountant.

COURSE CONTENT

In this qualification, you will cover higher accounting tasks including drafting financial statements, managing budgets and evaluating financial performance, as well as a range of optional specialist units.

On successful completion of this course, you will be awarded an AAT Level 4 Professional Diploma in Accounting. This internationally recognised AAT (Association of Accounting Technicians) qualification enables those working in accounting or those who are looking to pursue accountancy as a career to gain knowledge, practical experience and the all-important certification often sought by employers.

STUDY METHOD

Online and On Campus (a combination of blended learning and taught sessions - Attendance is 1 night weekly 18:00 - 21:00 for 2 years.)

Online video lectures are available on demand, and can be viewed from your phone, tablet or computer, meaning you can choose how, when and where you want to study. Each lesson lasts around 60 minutes and is accompanied by animations and motion graphics to bring concepts to life. Exercises, interactive case studies and analytical tools help to enhance the learning experience further.

On campus, you benefit from regular college classes - without having to commit to attending multiple evenings each week. An experienced college tutor will discuss and reinforce what you have learnt during your online study and will be on hand to provide guidance on progress and assessment. Discussion and debate with classmates will help you apply theories to situations you face in the workplace.

MODULES

The Level 4 course covers a range of key areas, including:

- Management Accounting: Budgeting
- Management Accounting: Decision and Control
- Financial Statements of Limited Companies
- Accounting Systems and Controls
- Professional Diploma Synoptic Assessment

These core units of study are assessed at unit level. In addition, a synoptic assessment will ask students to apply knowledge and skills gained across the qualification in an integrated way, within a workplace context.

Optional units - select two of the following (subject to availability):

- Business tax
- Personal tax
- External auditing
- Cash and Treasury Management
- Credit Management

You will also develop business communications and lifelong learning skills, applying what you learn on the course to the wider industry context.

PROGRESSION

The accountancy skills developed by studying this qualification will enable you to seek employment with confidence, and/or to progress to study chartered accountancy.

FEE

For the academic year 2022/23 tuition fees for this course are: £2573, Exam/reg fee: £266, Other fees: £94

START DATE

September 2022

METHOD OF ASSESSMENT

This course is assessed through computer-based exams and a synoptic assessment, which draws on and assesses knowledge and understanding from across the qualification.

QUALIFICATION OBTAINED

Level 4 AAT Professional Diploma in Accounting

CIPD Level 5 Intermediate Diploma in Human Resource Management

Approved centre

🕒 1 year, full-time

🏠 Wismore Campus 📊 Level 5

Awarding Body: CIPD

ENTRY REQUIREMENTS

- 5 GCSE Grades C/4 or above including Maths and English.
- 2 A Levels or CIPD Foundation Certificate in HRP or CIPD Certificate in Personnel Practice or previous experience in Human Resources.
- All applicants will require an initial assessment and interview.

WHY CHOOSE IT?

The HR profession is growing rapidly as employers recognise the importance of good HR functions within modern and efficient organisations. A career in HR can be highly rewarding, very interesting and fulfilling. The CIPD is recognised as the leading professional body for HR so this qualification will become a standard for HR recruits that are seeking professional status in order to maximise their career prospects.

COURSE CONTENT

This Level 5 qualification which is the equivalent level to a second year of university and provides the learner with a comprehensive understanding of the HR function along with the practical experience of working in a HR environment. The course will cover a variety of topics including employment law, resourcing and talent management, employees relations and coaching and mentoring. There will be a combination of classroom and online sessions.

MODULES

- Developing Professional Practice in Human Resources
- Understanding the Business Context of HR
- Using a research approach to HR
- Reward Management
- Resourcing and Talent Planning
- Managing and Coordinating the Human Resource Function
- Contemporary Developments in Employment Relations
- Understanding Employment Law

Nicki Artwell-Ikwele

 **Studied:** Level 5 Diploma in HR Management

 **Progression:** HR Generalist

Graduating from her Level 5 Diploma was the start of great things for Nicki Artwell-Ikwele. Just a few weeks later, she was in a new role. It was her qualification that made all the difference to her success.

"It's true what they say about a lack of qualifications holding you back from getting your dream job. Even when you have plenty of experience behind you," said Nicki.

"This is what I came to realise in the summer of 2018. I'd applied for one HR role after another but was told that without the right qualification to support me, I couldn't be a strong enough contender. This is despite me having years of customer service, people and managerial experience.

"Fast forward three years and with a qualification under my belt, I've been a HR Advisor for a Building Society and I am now a HR Generalist for a plastics manufacturer. It all worked out for me in the end."

Nicki added: "This is why I urge anyone else keen to achieve career success in a set area and who needs a qualification just to do it."

Martina Donzella

 **Studied:** HNC and HND Computing

 **Progression:** Working as an IT Technician and studying Level 6 Degree in Computer Science

Three years ago, Martina Donzella was working as a chef. Now she is an IT technician in a college and is well on her way to establishing a career in either networking or cybersecurity.

"My lecturers put a lot of faith in me," said Martina. "They have been willing to nurture me as an adult student without all the necessary IT knowledge and experience a typical undergraduate might have. When I first came to be interviewed for the course, I promised them I would work hard. And now here I am."

Martina developed her knowledge in networking, hardware architecture and Java Script among other IT processes. Two months into her HND, she started working as an IT Technician at North Warwickshire and South Leicestershire College.

As part of the IT Helpdesk, she started out troubleshooting users' system and network problems and now tackles some of the more challenging queries that are usually forwarded on to a systems engineer.

"Women are welcomed into IT. There are no boundaries," Martina added. "It can be hard starting out in any new role or job, but there is a lot of encouragement and support out there."

After she has achieved her full honours degree, Martina is considering a masters in cloud cybersecurity.

Computing HNC

 1 year full-time, 2 years part-time

 Wismore Campus  Level 4

Awarding Body: Pearson

ENTRY REQUIREMENTS

- UCAS Tariff 72 - 96 points.
- A Level - CCC - DDD.
- Pearson BTEC Level 3 Extended Diploma: MMM.
- GCSE Maths - grade C/4.
- GCSE English Language - grade C/4.
- Functional skills Level 2 Maths and English.
- No international applications.
- Access to Higher Diploma D - 30 credits.

WHY CHOOSE IT?

Our HNC is a highly practical course with a central focus on the fundamentals of software development, computer networks and security. The units of study reflect the latest technology innovations, and current employment opportunities within the computing and digital industry. A nationally recognised Level 4 computing qualification, the HNC is ideal for those who have started, or are planning to move into, a career in the computing industry, or who wish to progress onto a degree programme. The course also aims to develop skills such as communication literacy, critical thinking, analysis, reasoning and interpretation, which are crucial for gaining employment and developing academic competence.

COURSE CONTENT

The HNC will provide you with a comprehensive understanding of programming in Java, database design using MySQL, computer network technologies and security, and IT systems security. You will have an opportunity to study towards additional vendor qualifications, including the CISCO CCNA and the Oracle Associate Certifications; these opportunities are subject to the optional modules chosen. The course also aims to develop skills such as communication literacy, critical thinking, analysis, reasoning and interpretation, which are crucial for gaining employment and developing academic competence.

MANDATORY MODULES

- Programming
- Networking
- Professional Practice
- Database Design & Development
- Security
- Managing a Successful Computing Project

OPTIONAL MODULES

In addition to the mandatory modules, you will also need to choose between the two optional module groups below.

Group A (Software Development)

- Software Development Lifecycles
- Website Design & Development

Group B (Computer Networks)

- Strategic Information Systems
- Computer Systems Architecture

PROGRESSION

You can progress to the BTEC Level 5 HND Diploma in Computing at Walsall College or to the second year of an honours degree, depending on the match of the HNC units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are:
£5900 (full-time)
£2995 (part-time)

START DATE

September 2022

METHOD OF ASSESSMENT

12.5% Pearson set assignment
87.5% coursework

QUALIFICATION OBTAINED

BTEC Level 4 HNC Diploma in Computing (Pearson)

UCAS CODE

21C2

ADDITIONAL FEES AND CHANGES

Some of our courses may involve additional costs which are not covered by the tuition fee. **Further information can be found on page 4.**

All information was accurate as of August 2021 and may be subject to change. Up-to-date information can be found on our website www.walsallcollege.ac.uk

Computing HND (TOP-UP)

🕒 1 year full-time, 2 years part-time

🏠 Wismore Campus | 📊 Level 5

Awarding Body: Pearson

ENTRY REQUIREMENTS

- UCAS tariff: 120 credits from completed Pearson HNC Computing - Networking (Pass grade).
- GCSE Maths - grade C/4.
- GCSE English Language - grade C/4.
- Functional skills Level 2 Maths and English.
- No international applications.
- Progression students from HNC can apply internally, external students who have completed their HNC in Computing elsewhere will need to apply through UCAS.

WHY CHOOSE IT?

Our HND is a highly practical course with a central focus on software development or network engineering, depending on the optional module group chosen. A nationally recognised Level 5 computing qualification, the HND is ideal for those who have started, or are planning to move into, a career in the computing and digital industry, or who wish to progress onto the final year of a degree programme.

COURSE CONTENT

The content of your Computing HND depends on the optional module group chosen; you can choose to specialise in software development or computer networks.

The **software development** pathway will give you a comprehensive understanding of database design using the Oracle DBMS, mobile applications development for Android, and computer games development using the Unity game engine. You will also have an opportunity to study towards additional vendor qualifications, including the Oracle Associate Certifications.

The **computer networks** pathway will provide you with a comprehensive understanding of network design, network management and the client/server operating systems model. You will also have an opportunity to study towards additional vendor qualifications, including the CISCO CCNA Certification.

The units of study reflect the latest technology innovations, and current employment opportunities within the software development and network technology industries, such as mobile app development, database design, development and management, cloud computing and network security. The course also aims to develop skills such as communication literacy, critical thinking, analysis, reasoning and interpretation, which are crucial for gaining employment and developing academic competence.

MANDATORY MODULES

- Computing Research Project (Pearson-set)
- Business Intelligence

OPTIONAL MODULES

In addition to the mandatory modules, you will also need to choose between the two optional module groups below.

Group A (Software Development)

- Advanced Programming
- Application Program Interfaces
- Systems Analysis and Design
- Database Management Systems
- Games Development

Group B (Computer Networks)

- Transport Network Design
- Cloud Computing
- Network Security
- Network Management
- Forensics

PROGRESSION

You can progress to the Computer Science BSc (Hons) TOP-UP degree programme at Walsall College, or to the second or third year of an honours degree programme at another institution, depending on the match of the HND units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are:
£5900 (full-time)
£2995 (part-time)

START DATE

September 2022

METHOD OF ASSESSMENT

25% Pearson set assignment
75% coursework

QUALIFICATION OBTAINED

BTEC Level 5 HND Diploma in Computing (TOP-UP) (Pearson)

Computer Science BSc (Hons)

🕒 1 year, full-time

🏠 Wismore Campus | 📊 Level 6

Awarding Body: Staffordshire University

ENTRY REQUIREMENTS

- UCAS tariff: 240 credits from completed Pearson HNC and HND Computing - Software Development or HNC and HND Computing - (Pass grade).
- GCSE Maths - grade C/4.
- GCSE English Language - grade C/4.
- Functional skills Level 2 Maths and English.
- No international applications.

WHY CHOOSE IT?

Impress potential employers with higher level studies and open up a whole new range of career possibilities. This exciting one-year top-up degree is primarily aimed at successful HND in Computing graduates.

COURSE CONTENT

We have made certain that you will learn about the key areas in computing that matter to organisations today, including business intelligence and cloud-based technologies. You can choose to specialise in software development or computer networks by choosing between two groups of optional modules.

Choosing the **computer networks** pathway will provide you with the opportunity to develop the necessary skills to set up robust and fault tolerant networks and to be able to identify security issues and protect the network and systems against intrusion.

On completion of the **software development** pathway you will be able to design, implement and test secure and fault tolerant mobile apps and cloud-based apps within a commercial context using current frameworks and industry standards.

The programme provides you with the opportunity to develop not only your technical skills, but also your business awareness to be prepared for the planning, designing and implementing of effective computing systems that meet the challenges of the modern business environment.

MANDATORY MODULES

- Final Year Project
- Business Intelligence

OPTIONAL MODULES

In addition to the mandatory modules, you will also need to choose between the two optional module groups below.

Group A (Software Development)

- Creating Mobile Web Apps
- Developing for the Cloud

Group B (Computer Networks)

- Cyber Operations and Network Security
- Routed and Switched Architectures

PROGRESSION

Successful graduates can progress onto Masters level qualifications or directly into graduate employment opportunities.

FEE

For the academic year 2022/23 the tuition fee for this course is:
£7500 (full-time).

START DATE

September 2022

METHOD OF ASSESSMENT

The Routed and Switched Architectures module is assessed 50% by examination and 50% by portfolio evidence. All other modules are a combination of practical assessments, coursework and in class tests.

QUALIFICATION OBTAINED

Level 6 BSc (Hons) Degree in Computer Science

UCAS CODE

1100

Muskan Shrivastava

🎓 **Studied:** HNC Software Development

📄 **Progression:** HND Software Development/studying Level 6 Degree in Computer Science

Muskan's ambition to work as a software developer began while she was growing up in India where members of her family were already working in computing.

"I've always been interested in how apps are put together, especially the process of trying to build something and seeing what works best. There's potential in everything you work on. This is an area I want to keep building my knowledge in."

As a HND student she continues to gain skills at a higher level including learning more about Java Script.

"The environment and facilities are really good. I plan to complete my full degree at the college, then look for work."

"There are already a lot of software development language-based roles out there so there's lots of choice. I feel like I'm getting all the experience I need for my career here."

CONSTRUCTION

If you're looking for a professional career route in construction, look no further our Construction and the Built Environment HNC is a great route either directly into career opportunities or into valuable higher education progression.

Increase your employability, impress employers, meet regional skills shortages - and open up a whole world of possibilities.

University Level Courses

Construction and the Built Environment HNC

Example Careers

- Architect
 - Architectural Technologist
 - Building Surveyor
 - Building Services Engineer
 - Clerk of Works
 - Construction Manager
 - Conveyancer
 - Estimator
 - Land Surveyor
 - Quantity Surveyor
- and many more...

Construction and the Built Environment HNC

🕒 2 years part-time

🏠 Digital Engineering Skills Centre 📊 Level 4

🏆 Awarding Body: Pearson

ENTRY REQUIREMENTS

- Vocationally related Level 3 qualification or Applications from experienced industry workers.
- All applicants will require an initial assessment and interview.
- It is expected that applicants will have a GCSE Grade C/4 or equivalent in Maths and English or demonstrate the ability to study at this level.

WHY CHOOSE IT?

Keen to advance in the construction industry at a technical and management level? Currently working in construction and looking to recognise your skills and abilities formally? The BTEC Higher National in Construction and The Built Environment develops students as professional, self-reflecting individuals able to meet the demands of employers in the construction and the built environment sector. The qualifications aim to widen access to higher education and enhance the career prospects of those who undertake them.

COURSE CONTENT

The course covers most aspects of construction technology and includes a mix of mandatory and specialist modules. Topics of study will include health, safety and welfare, design principles and application, law and contract, science and materials, project management, environmental impact of construction and an industry related project. Homework or private study is expected as part of the programme.

MODULES

- Individual Project
- Construction Technology
- Science and Materials
- Construction Practice and Management
- Four additional units covering pathway specialisms

PROGRESSION

You can progress onto a BSc Degree or Foundation Degree via our partnership agreement with the University of Wolverhampton and Birmingham City University, or potential employment in the construction industry.

FEE

For the academic year 2022/23 the tuition fee for this course is: £2995 (part-time).

Students will need to purchase handbooks (approximately £30).

START DATE

September 2022

METHOD OF ASSESSMENT

A combination of coursework and assignment where appropriate to unit of study.

QUALIFICATION OBTAINED

Pearson BTEC Level 4 Higher National Certificate in Construction and the Built Environment (Construction)

Additional Fees and Changes

Some of our courses may involve additional costs which are not covered by the tuition fee. **Further information can be found on page 4.** All information was accurate as of August 2021 and may be subject to change. Up-to-date information can be found on our website www.walsallcollege.ac.uk

CREATIVE INDUSTRIES

The creative industries offer a huge range of career opportunities, making up one of Britain's fastest growing employment sectors. Preparing you for a successful career is at the heart of everything we do here.

Our industry experienced creative arts staff will help you to develop your imagination and creative flair, and our advanced work-related learning will prepare you perfectly for your next step - whether that's on to university to top-up to degree level or straight into your dream job.

and many more...

Pre-degree Foundation Diploma in Art & Design

🕒 1 year, full-time

🏠 Wismore Campus

📊 Level 3 and 4

🏆 Awarding Body: Pearson

ENTRY REQUIREMENTS

- A formal interview with portfolio.
- 1 A Level grade C (or equivalent Level 3 qualification) in a subject and a strong GCSE profile including English at grade C/Level 4 or above.
- AS qualifications are also welcomed.
- Mature students with alternative qualifications and/or work experience are welcomed, as are equivalent international qualifications.

WHY CHOOSE IT?

This course is ideal if you're excited by the prospect of a career in art and design. You will develop a broad portfolio of work and a greater understanding of ways to work and develop, in preparation for higher education. In the past some of our students have progressed to prestigious universities such as Central Saint Martins, Bournemouth University, Falmouth University and Goldsmiths University of London.

COURSE CONTENT

You will learn to develop your own creative voice in whatever area you are interested in; through a variety of areas in art and design including visual studies, printmaking, fashion and textiles, fine art, graphics, photography and 3D design, alongside contextual development and discussion around art.

MODULES

- Stage 1 Exploratory - 2 units
- Stage 2 Pathway - 4 units
- Stage 3 Confirmatory - 1 unit, Final Major Project

PROGRESSION

You can progress on to a second or third year of a degree or honours degree at university, depending on the match of the HND units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are yet to be published. Our current fee is £400 (full-time). If you are under the age of 19 you do not have to pay for the course.

START DATE

September 2022

METHOD OF ASSESSMENT

- Stage 1 full folio assessment at the end of the stage
Students need to pass this stage to go forward to stage 2
- Stage 2 full folio assessment at the end of the stage
Students need to pass this stage to go forward to stage 3
- Stage 3 Final Major Project, culminating in a full assessment exhibition.

QUALIFICATION OBTAINED

BTEC Level 3/4 Pre-degree Foundation Diploma in Art & Design

Our students have gone onto study at a number of outstanding universities including:

- Bath Spa University
- Bournemouth University

- Central Saint Martins
- Falmouth University
- Goldsmiths University of London
- Plymouth University and more!

Simon Goode

🎓 Studied: Foundation Diploma in Art and Design

📁 Progression: Artist and founder of London Centre for Book Arts

Simon studied a Foundation in Art and Design, now he's running the London Centre for Book Arts - an artist run studio offering workshops, facilities and exhibition space for book art, printing and binding. After completing his secondary education in Telford, Simon had plans to continue his studies at another local college. But this changed when a friend recommended Walsall College. It was a decision he didn't regret, as his Foundation Art and Design course exposed him to a range of exciting opportunities.

"Any art foundation course will teach you to think and to look at things differently, which was invaluable. It was also an opportunity for me to try new things, and the amazing facilities at Walsall College enabled me to do that - they were brilliant compared to what I had in school. The print making workshops were the most incredible thing. It was an amazing space and provided an atmosphere of calm and concentration. The facilities in printmaking were just the best."

After graduating, Simon worked at the University of the Arts London in Marketing and Communications, specialising in publishing.

"I was the publications officer, so my role involved publishing and printing. On the side, I would run workshops on making books during the evenings and weekends."

In 2013, Simon left his position and set up the London Centre for Book Arts, following a three-month road trip from New York to Los Angeles.

"It was during this trip, I discovered book arts centres in New York, Chicago, Minneapolis, Portland, Los Angeles and San Francisco. It was these incredible institutions that led me to create the London Centre for Book Arts in Hackney. The reason I started it was because I wanted to create a space where anyone can come and work in making books and printing. And one didn't exist in the UK at the time.

"So I suppose that's the most rewarding thing, we've made this space that's completely unique in London and across the UK. I don't think I'd be doing what I'm doing now, if it wasn't for what I did at Walsall College. The tutors encouraged me to pursue my passion - in my case - books, printing, and print making..."

Art & Design HNC

1 year full-time, 2 years part-time

Wismore Campus Level 4

Awarding Body: Pearson

ENTRY REQUIREMENTS

- A Levels or equivalent related Level 3 qualification.
- Relevant work experience or professional portfolio will be considered.
- All applicants will require an initial assessment and interview.
- Please apply through UCAS for full-time.

WHY CHOOSE IT?

This programme aims to provide education and training for a broad range of careers in art, craft and design but is also orientated towards those wishing to pursue a career in Illustration. A number of units are selected with a leaning towards this discipline and explores this area in its broadest sense. You will develop a broad portfolio of work and a greater understanding of ways to work and develop, in preparation for progression to the next level.

COURSE CONTENT

The programme offers industry-based assignments (client/live briefs) and input from current practitioners. Supporting your studies are contextual sessions, which provide cultural and critical underpinnings of your developing practice and also investigates social and historical themes.

MODULES

- Professional Development
- Contextual Studies
- Individual Project
- Techniques and Practices
- Media Practices
- Material Practices
- Art & Craft Production
- Communication in Art & Design

PROGRESSION

You can progress to the HND Diploma in Arts Practice (TOP-UP) (Pearson) at Walsall College or to the second year of an honours degree, depending on the match of the HNC units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are:
£5900 (full-time)
£2995 (part-time).

Students may need to pay for trips/visits - confirmed at a later date.

START DATE

September 2022

METHOD OF ASSESSMENT

100% coursework (subject to qualification updates and assessment regulation)

Art & Design HND (TOP-UP)

1 year full-time, 2 years part-time

Wismore Campus Level 5

Awarding Body: Pearson

ENTRY REQUIREMENTS

- A relevant HNC Diploma.
- Relevant work experience will be considered.
- All applicants will require an initial assessment and portfolio-based interview.
- Please apply through UCAS for full-time.

WHY CHOOSE IT?

Top-up your achievement to HND Level, developing and exploring your studies further with this natural progression from the HNC Art Practice. Students build on their prior learning to explore advanced design projects. Live/competition work is a major part of the programme. The course culminates in a negotiated final major project and exhibition.

COURSE CONTENT

The course will provide opportunities to develop your ability to interpret client briefs as well as express a personal vision through exploration of ideas and areas of specific interest. It will also encourage you to develop your creative skills across the various graphic design mediums. Self-directed study is required which is portfolio assessed.

MODULES

- Professional Practice
- Applied Practice Collaborative Project
- Advance Arts Practice Studies
- Creative Entrepreneurship
- Conceptual Practice
- Art Direction

PROGRESSION

You can progress to one of our Level 6 BA (Hons) Art & Design (TOP-UP) courses at Walsall College or second or third year of a degree or honours degree at university, depending on the match of the HND units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are:
£5900 (full-time)
£2995 (part-time).

Students may need to pay for trips/visits - confirmed at a later date.

START DATE

September 2022

METHOD OF ASSESSMENT

100% coursework (subject to qualification updates and assessment regulation)

QUALIFICATION OBTAINED

BTEC Level 5 HND Diploma in Art & Design (TOP-UP) (Pearson)

012A

Creative Media Production HNC

1 year full-time, 2 years part-time

Wismore Campus Level 4

Awarding Body: Pearson

ENTRY REQUIREMENTS

- UCAS Tariff: 96 points.
- A Level: CCC.
- Pearson BTEC Level 3 Extended Diploma: MMM.
- GCSE Maths - Grade C/4.
- GCSE English Language: Grade C/4 Functional skills Level 2 Maths and English.
- No international applications.

WHY CHOOSE IT?

An excellent opportunity to begin to develop a career in creative media production. The course offers a variety of moving image based projects to help you develop your skills in film and TV production. You will also investigate filmic texts, using the appropriate terminology and language. Simulated projects and live client led briefs will allow you plenty of hands-on experience.

COURSE CONTENT

Camera and editing techniques, film & television theory, film & television and sound scriptwriting, television production, visual effects. Self-motivation and independent study is a requirement for this course.

MODULES

- Film & Video Editing
- Creative Media Industry
- Individual Project (Pearson-set)
- Scriptwriting for Sound
- Professional Practice
- Film & Television Practices
- Light & Sound
- Film Studies

PROGRESSION

You can progress on to the BTEC Level 5 HND Diploma in Creative Media Production (TOP-UP) (Pearson) at Walsall College or the second year of an honours degree at university, depending on the match of the HNC units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are:
£5900 (full-time)
£2995 (part-time).

Trips: There may be an opportunity to take part in a visit to Europe each year of the course. Past trips have included Disneyland Paris and Barcelona.

Creative Media Production HND (TOP-UP)

1 year full-time, 2 years part-time

Wismore Campus Level 5

Awarding Body: Pearson

ENTRY REQUIREMENTS

- UCAS Tariff: 120 credits from completing Pearson HNC Creative Media Production (Pass grade).
- GCSE Maths: Grade C/4.
- GCSE English Language: Grade C/4 Functional skills Level 2 Maths and English.
- No international applications.
- Please apply through UCAS for full-time.

WHY CHOOSE IT?

Progress your skills naturally by moving onto the HND diploma in creative media Production. You will continue to develop your skills in both visual and audio communications and undertake advanced projects. This includes film directing techniques, scriptwriting & sound production. You will also develop academic writing skills, critical thinking, research methods and film theory to a higher and more independent level. The course will provide opportunities for students to develop a range of skills, techniques and attributes essential for successful performance in working life.

COURSE CONTENT

Advanced moving image production, further camera/lighting/editing techniques with a focus on documentary filmmaking, scriptwriting for film and radio, advanced film theory, contextual techniques and academic research methods. Self-motivation and independent study is a requirement for this course.

MODULES

- Advanced Film Production Studies
- Personal Professional Development
- Producer/Director for Television Production
- Film Criticism
- Sound for Media Products
- Documentary Production
- Narrative
- Collaborative Project (Pearson-set)

PROGRESSION

You can progress to one of our Level 6 BA (Hons) Art & Design (TOP-UP) courses at Walsall College or second or third year of a degree or honours degree at university, depending on the match of the HND units to the degree course in question. Employment or self-employment.

Fashion and Textiles HNC

1 year full-time, 2 years part-time

Wismore Campus Level 4

Awarding Body: Pearson

ENTRY REQUIREMENTS

- UCAS Tariff: 72-96 points.
- A Level: DDD.
- Pearson BTEC Level 3 Extended Diploma: MMM.
- GCSE Maths: Grade C/4.
- GCSE English Language: Grade C/4 Functional skills Level 2 Maths and English.
- No international applications.

WHY CHOOSE IT?

Choose this flexible course to develop your personal vision and ideas, develop your creative skills and explore the areas that really interest you. It's a well-rounded course to introduce you to this fascinating industry. We'll encourage you to enter prestigious competitions, gain placements, work on live briefs, gain employment in the industry or establish your own label to develop your skills.

COURSE CONTENT

Get an excellent grounding in fashion design, textile design and garment manufacture. Complement these with an understanding of the historical, social, political, and economic influences on fashion design, and a sound knowledge of business and marketing principles to ensure a broad understanding of the industry and its organisation. Homework or private study is required.

MODULES

- Professional Development
- Contextual Studies
- Individual Project
- Techniques and Practices
- CAD
- Pattern Cutting and Garment Making
- Fashion and Textiles Practices
- Communication in Art and Design

PROGRESSION

You can progress to the HND Diploma in Fashion and Textiles (TOP-UP) (Pearson) at Walsall College or to the second year of an honours degree, depending on the match of the HNC units to the degree course in question. You can also enter self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are: £5900 (full-time) £2995 (part-time).

There may be additional costs for projects, certain equipment and trips. There may be opportunities for travel, depending on national restrictions.

Studied: Level 3 Art & Design, HNC and HND Fashion and Textiles and BA Hons Fashion Design

Progression: Part-time creative assistant at Hissy Fit

Four qualifications, coupled with three years' internship experience has ensured Leah Hinton is achieving her career goals.

Leah first began working with Hissy Fit after winning a competition to design a bag.

The opportunity exposed Leah to different aspects of the fashion industry, including design, manufacturing, marketing and distribution.

"I got involved in everything from creating mood boards to updating the website and helping with packing," said Leah. "This taught me a lot about how a brand achieves success and is able to keep growing creatively and financially."

Leah's decision to progress into higher education at Walsall College was motivated by how close the campus was to her home. Studying qualifications that came highly recommended and having lots of friends here also influenced her decision.

"I've had as much fun at college as I would have done at university."

Graphic Design HNC

1 year full-time, 2 years part-time

Wismore Campus Level 4

Awarding Body: Pearson

ENTRY REQUIREMENTS

- UCAS Tariff: 96 points.
- A Level: CCC.
- Pearson BTEC Level 3 Extended Diploma in an Art and Design based subject: MMM.
- GCSE Maths: Grade C/4.
- GCSE English Language: Grade C/4 Functional skills Level 2 Maths and English.
- No international applications.

WHY CHOOSE IT?

Are you a creative problem solver that likes to design innovative solutions to communication problems? If so this course is for you. The course is taught by experienced professional artists and designers. The curriculum is further enhanced by a wide range of visiting speakers, trips and visits.

COURSE CONTENT

The course encourages students to work on a wide variety of projects, to develop a portfolio that is as unique as they are. Exploratory projects happily sit alongside commercially based work. Live work and competition work is a key element of the curriculum. The college's design studios have been created to industry standards and are equipped with Macs and PCs with the Adobe Creative Cloud. You can also access, our traditional print room, photographic and other media facilities. Self-directed study is required and the programme is portfolio assessed.

MODULES

- Professional Development
- Contextual Studies
- Individual Project
- Techniques and Practices
- Media Practices
- Typography
- Graphic Design Practices
- Communication in Art & Design

PROGRESSION

You can progress on to a second or third year of a degree or honours degree at university, depending on the match of the HND units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2021/22 tuition fees for this course are: £5900 (full-time) £2995 (part-time).

Students may need to pay for trips/visits - to be confirmed at a later date. You will require your own set of design materials. A Mac or high spec PC is beneficial along with a subscription to Adobe Creative Cloud. You will also have additional print costs when producing final outcomes.

START DATE

September 2022

METHOD OF ASSESSMENT

100% coursework (subject to qualification updates and assessment regulation)

QUALIFICATION OBTAINED

BTEC Level 4 HNC Diploma in Art & Design (Graphic Design) (Pearson)

UCAS CODE

112W

Graphic Design HND (TOP-UP)

1 year full-time, 2 years part-time

Wismore Campus Level 5

Awarding Body: Pearson

ENTRY REQUIREMENTS

- UCAS Tariff: 120 credits from completed Pearson HNC Graphics or HNC Art and Design (Pass Grade).
- GCSE Maths: Grade C/4.
- GCSE English Language: Grade C/4 Functional skills Level 2 Maths and English.
- No international applications.

WHY CHOOSE IT?

Top-up your achievement to HND level, developing your experience and enhancing your studies further with this natural progression from the HNC Graphic Design. Students build on their prior learning to explore advanced design projects. Live/competition work is an essential part of the programme. The course culminates in both personal and collaborative negotiated projects and an exhibition.

COURSE CONTENT

The course will provide opportunities to develop your ability to interpret client briefs as well as express a personal vision through exploration of ideas and areas of specific interest. It will also encourage you to develop your creative skills across the various graphic design mediums. Self-directed study is required which is portfolio assessed.

MODULES

- Professional Practice
- Applied Practice Collaborative Project
- Advance Graphic Design Studies
- Branding and Identity
- Conceptual Practice
- Art Direction

PROGRESSION

You can progress on to a second or third year of a degree or honours degree at university, depending on the match of the HND units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are: £5900 (full-time) £2995 (part-time).

Students may need to pay for trips/visits - to be confirmed at a later date. You will require your own set of design materials. A Mac or high spec PC is beneficial along with a subscription to Adobe Creative Cloud. You will also have additional print costs when producing final outcomes.

ADDITIONAL FEES AND CHANGES

Some of our courses may involve additional costs which are not covered by the tuition fee. **Further information can be found on page 4.** All information was accurate as of August 2021 and may be subject to change. Up-to-date information can be found on our website www.walsallcollege.ac.uk

Performing Arts (Acting) HNC

1 year full-time, 2 years part-time

Wismore Campus Level 4

Awarding Body: Pearson

ENTRY REQUIREMENTS

- A Level: DDD.
- Pearson BTEC Level 3 Extended Diploma: MMM
- GCSE Maths: Grade C/4.
- GCSE English Language: Grade C/4 Functional skills Level 2 Maths and English.
- Relevant work experience/related industry experience will also be considered.

WHY CHOOSE IT?

Throughout this highly practical course you will gain experience of how a real-world working professional will structure, rehearse, perform and tour an exciting and engaging show to a variety of audiences and locations. This course aims to provide you with a set of skills and experiences that will make you feel equally at home, whether you are performing a piece of theatre in education to an audience of school children or a piece of Shakespeare for a wider audience.

COURSE CONTENT

You will get an excellent grounding in acting technique, performance styles and stagecraft, along with an understanding of the processes of performance intrinsically tied into your development as a performer. You will learn and develop technical aspects of theatre alongside complementary skills such as stage combat.

MODULES

- The Performing Arts Industry
- Professional Development
- Acting 1
- Voice and Speech for Actors
- Acting for Camera
- Movement for Actors
- Devising Theatre and Performance
- Stagecraft

PROGRESSION

Students that wish to continue their studies would be eligible to progress onto a Higher National Diploma (HND).

Upon successful completion of this course students will have the knowledge base and experience to move directly into the industry either by forming/joining a touring theatre company or auditioning for professional work.

Along with progressing into the acting industry as a performer you will have skills that are transferable into the many and varied areas of the entertainment industry.

FEE

For the academic year 2022/23 tuition fees for this course are: £5900 (full-time) £2995 (part-time).

Students may need to pay for projects, certain equipment and trips. There may be opportunities for travel, depending on national restrictions.

START DATE

September 2022

METHOD OF ASSESSMENT

There is no end exam as such on this course. A wide range of practical and knowledge-based evidence and assessments reflecting the different types of skills being developed will therefore be used.

These may include: performances, evaluations, logbooks, presentations, essays, recordings and observations.

QUALIFICATION OBTAINED

Liam Nicholls IN THE SPOTLIGHT

🎓 **Studied:** HNC & HND in Photography, Level 6 Visual Communications (Photography) (Top-Up)

🎓 **Progression:** Masters Degree in Fine Art at the University of Wolverhampton and freelance photographer

Liam Nicholls' photography training began after a range of jobs including nursing and in security. A serious incident that took place during this latter profession saw him rethinking his future and finally pursuing the career that interested him most.

"I'd always been artistic and had ambitions of being a photographer," said Liam. "Starting out as a higher education student with little academic experience in this area had its challenges, but I believed I could do it. And when I believe in something, I always want to give it my all."

The photography studio that Liam has spent the last three years building in his back garden is testament to how determined he is to succeed. It came in useful during lockdown as he was able to photograph family members and continue developing as an artist. He is improving academically too.

"Coursework in particular proved to be a struggle," said Liam. "I've always written things in my own words and not been too concerned about being formal. I had to improve this. Now, when I look over my work and see how much better it is, I can't believe that it's me who put it together."

Liam's priority over the next year is to focus on his Master degree.

"I initially wanted to carry on in visual communications then the University of Wolverhampton suggested that fine arts would suit me better," said Liam. "I specialise in portraiture and have taken a lot of commercial photography commissions. I'm happy to have this experience under my belt. It's something I can fall back on in future."

"For now though, I'm keen to further explore my creativity."

PUBLIC SERVICES

Want to push your career forward with the skills that count? Whether you want to build on your qualifications or you already work in public services like the armed forces, emergency services or prison service, or in health or social care, or early years, we're here to help you boost your career.

Our Higher Education qualifications are the career-focused route to valuable personal and professional development. Whatever your goals, we'll support you all the way.

Wismore Campus | Level 4

Awarding Body: Pearson

ENTRY REQUIREMENTS

- A Levels or equivalent related Level 3 qualification.
- Level 2 Functional Skills/GCSE Grade 4 in English and maths.
- Relevant work experience will be considered.
- All applicants will require an initial assessment and interview.
- Please apply through UCAS for full-time.

WHY CHOOSE IT?

This qualification in public services is aimed at students wanting to continue their education through applied learning. This course provides a wide-ranging study of public services and are designed for students who wish to pursue or advance their career in the public services. In addition to the knowledge, understanding and skills that underpin the study of public services, this programme in public services will give students experience of the breadth and depth of the sector that will prepare them for further study or training.

COURSE CONTENT

At Level 4 students will study a total of eight units and develop a broad knowledge and awareness of key aspects of public services through four core units, which will include one unit assessed by a set assignment. Students will also have the opportunity to select a general or specialist pathway. Those students selecting a specialist pathway undertake two specialist units, plus two optional units.

MODULES

Mandatory units

- Organisational Structures and Culture
- Mental Health and Wellbeing
- Equality, Diversity and Fair Treatment
- Public Services in Contemporary Society (Pearson-set)

Specialist units

- Community Engagement
- Responding to Emergencies

Optional units

- Terrorism and Counter-terrorism
- Small-scale Research Project in Public Services

PROGRESSION

You can progress to the HND Diploma in Public Services (Blue Light Services) (TOP-UP) (Pearson) at Walsall College or to the second year of an honours degree, depending on the match of the HNC units to the degree course in question. Employment or self-employment.

FEE

For the academic year 2022/23 tuition fees for this course are: £5900 (full-time)

Our curriculum has previously organised off-site optional trips to include, London, Outdoor Centres and a residential trip abroad. The cost of such activities can range from £10 - £1000 but are not course-mandated and remain entirely optional for students. Students may choose to purchase a course text book at approximately £30.

“These courses bring to life everything about being in a public services role.”

Tre Higgins

IN THE SPOTLIGHT

Studied: Level 2, 3, HNC and HND Protective Services

Progression: BSc Policing and Intelligence at University of Wolverhampton

Although he has spent time with the air cadets and is an army reservist, Tre has his sights set firmly on a career in the police force.

“The more I’m learning about the police force through college, the more I want to join it,” said Tre. “These courses bring to life everything about being in a public services role. Looking into the operational and managerial side of the police force through trips, talks and classroom activities is inspiring.”

Tre decided to carry on studying at a higher education level so that he could continue improving his understanding of police work, the working environment and community relations. He is as keen as ever to experience as much as possible about what life is like on the front line. Being involved in Streetwatch; a voluntary public patrol with the local police allows him to do this.

In addition, Tre has spent time in Cyprus with the British Army as part of the United Nations peacekeeping force.

After completing a full honours degree, Tre will apply to join the police force.

Harry Hurmson

🎓 **Studied:** Level 1 Hospitality, Level 2 and Level 3 Professional Cookery, HNC and HND Hospitality Management

👨🍳 **Progression:** Temporary Commis-Chef at The Littleton

As a temporary chef at The Littleton, Harry is currently rotating his way through different sections of the kitchen each month.

"I know The Littleton really well having been on placements here," said Harry. "Even so, the menu changes regularly, so I need to be ready for anything new."

Studying a university-level qualification is helping Harry's professional development as well.

Speaking about his HND courses, Harry added: "The college is brilliant at teaching you how to stay on top of your game when it comes to new ideas and techniques."

"It's why I chose to come here. I'd spoken to other people who had studied here, so I knew the hospitality courses had a good reputation. It's definitely lived up to it."

TEACHER TRAINING

Open up your career options with further education teaching qualifications and you'll never look back. Develop your teaching skills and advance your career in this rewarding, exciting field. Gaining a qualification in FE teaching is a smart career move - you could teach full-time, part-time or combine it with your current career for variety, flexibility and another string to your bow. Teaching in FE is a fantastic and rewarding experience where every week is different, and your students could be aged from 14-19 or 14-90.

Diploma in Education and Training (Post-Compulsory Education & Training)

2 years part-time

Wismore Campus Level 5

Awarding Body: Birmingham City University

ENTRY REQUIREMENTS

Set entry requirements include:

- Level 2 English and Level 2 maths qualifications (You can work towards achieving a maths qualification at Level 2 whilst undertaking your training).
- Level 3 (or above) qualification in the subject you currently teach or wish to teach.
- Completion of initial assessments in Maths, English and ICT
- Teaching practice of 150 hours over the two years that consists of teaching students who are studying accredited qualifications (Paid or voluntary).
- Commitment and support from a subject specific mentor.

WHY CHOOSE IT?

The Diploma in Education and Training (DET) in Post-Compulsory Education is a 120-credit, two-year, part-time, well-established programme leading to a recognised qualification for teaching in the Further Education & Skills sector. The course is delivered as a partner college of Birmingham City University (BCU), who validate and quality assure the programme.

The course is aimed at those wishing to teach in post-16 and adult education. The scope and range of the teaching qualification is considerable and provides opportunities for teaching in colleges, schools, sixth form centres, adult education departments, vocational centres, training agencies and offender learning (prison education).

Students must undertake a minimum of 150 hours of teaching practice with post-16 learners over the two years. (Post-14 will be considered if the students are working towards accredited qualifications). These teaching hours can be on a paid or voluntary basis (placement) but please note, you will be required to confirm that you have access to these hours before enrolling to the course.

All students register both with the College and BCU and therefore can access the learning resources available at both providers.

QUALIFICATION OBTAINED

Diploma in Education and Training (Birmingham City University)

These work-based qualifications are aimed at learners who are employed in suitable roles within the Early Years Sector, schools or colleges:

NCFE Cache Level 4 Certificate for the Advanced Practitioner in Schools and Colleges

This Level 4 qualification aims to provide professional development opportunities for practitioners working in the school and college workforce. It will build on the wealth of experience, proven knowledge and skills of the learner in a teaching and learning environment.

NCFE Cache Level 4 Certificate for the Early Years Advanced Practitioner

This qualification aims to provide professional development opportunities for practitioners working in the early years workforce at Level 3 and will embrace the wealth of experience of the Level 3 early years workforce, and challenge students in both their daily practice and theoretical understanding.

Postgraduate Certificate in Education (Post-Compulsory Education & Training)

2 years part-time

Wismore Campus Level 7

Awarding Body: Birmingham City University

ENTRY REQUIREMENTS

All candidates will be required to attend a pre-course interview and provide proof of qualifications.

Set entry requirements include:

- Level 2 English and Level 2 maths qualifications
- A degree qualification in the subject you currently teach or wish to teach
- Completion of initial assessments in Maths, English and ICT
- Teaching practice of 150 hours over the two years that consists of teaching students who are studying accredited qualifications (Paid or voluntary)
- Commitment and support from a subject specific mentor.

WHY CHOOSE IT?

Are you a lecturer or teacher, currently working in post-compulsory education? Or are you thinking about a change of career into FE teaching? Do you have a university level qualification in the subject you currently teach or intend to teach? The Postgraduate Certificate in Education in Post-Compulsory Education and Training (PGCE PCET) provides training for those people who aspire to, or hold, a teaching role with an extensive range of teaching or training responsibilities, including those in more than one context. The course is validated and quality assured by and delivered in partnership with Birmingham City University and is designed specifically to develop you as a teacher in this rewarding field.

There is a requirement for a minimum of 150 hours of teaching practice so you will need to be teaching or be able to secure a teaching placement, which you will need to confirm before enrolling to the course.

The Postgraduate Certificate in Education (Level 7) is for anyone teaching or interested in teaching in a Further Education and Skills setting (primarily post-16 although post-14 will be considered if the students are working towards recognised qualifications). You can be teaching in all subject areas including engineering, science, construction, sport science, maths, English, social sciences, languages, SEND, retail, hospitality and catering, leisure and tourism, business, IT, learning technologies, childcare, healthcare and art and design.

By undertaking this course, you will be joining a Community of Practice underpinned by a strong culture of teaching, learning and critical enquiry and as you will register both with the College and BCU, you will be able to access the learning resources available at both providers.

HIGHER APPRENTICESHIPS/ WORK-BASED QUALIFICATIONS

Higher Apprenticeships/Work-based Qualifications are work based learning programmes. They give staff in a range of industries the opportunity to learn practical, work-related tasks to help them develop the skills and knowledge to progress in their role and gain a university level qualification.

These qualifications have been designed in line with recognised skills shortages and in collaboration with businesses, to enable the UK workforce to meet future challenges.

Learning can take place in the workplace as well as college and our industry experienced assessors will guide learners through the qualification, enabling them to gain the technical knowledge and professional skills required to develop in their roles.

Higher Apprenticeships on offer*

- Business and Professional Administration Level 4
- Professional Accounting/Taxation Technician Level 4
- Operations/Departmental Manager Level 5
- Chartered Manager Degree Level 6

*Courses subject to change, correct at time of print

DID YOU KNOW...

Higher Apprenticeships are a great alternative to university. You will also receive training (on-and off-the-job), a salary and the opportunity to really start moving your career forward. All without paying hefty tuition fees or running up student debts!

Call our apprenticeships team on **01922 651129** for more information

Jenny Steadman

Studying: CMI Level 5 Operations/ Departmental Manager Apprenticeship Standard while working as a business support lead at Dudley Council.

Although she has only recently started her qualification, Jenny Steadman is already becoming more aware of management principles in a broader context. Also

proving beneficial is training alongside colleagues from other Dudley Council departments. "It is useful sharing our knowledge and experiences," said Jenny. And being encouraged to think 'what would I do in that situation?'

Jenny is a business support lead, covering family centres and youth services. She has been in this role for the last three years.

Jenny believes her qualification is helping her review her management approach. This includes how she is supporting her team based on their different learning styles. "I'm exploring my impact on others. And I'm reflecting on my own work style and performance," she continued.

After completing an ILM First Line Management qualification in 2006, Jenny is pleased to be progressing on to a higher learning level. She is hoping the qualification will open up other different avenues for further career progress.

Jenny added: "I would encourage others to study this qualification. You're learning and working at the same time, applying what you are learning into real life situations.

"I also think it's great for your future prospects to gain a qualification to open doors to new opportunities."

USEFUL CONTACTS AND SUPPORT

Support

All the help you need

What's the first thing that people notice here at Walsall College? Invariably, it's our welcoming and friendly atmosphere. Because giving you the best possible experience when you study here is crucial to us.
