Introduction

This publication scheme commits the College to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the College. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits the College:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the College and falls within the classifications below.
- To specify the information which is held by the authority and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the authority makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.

How to access information

Walsall College will make available information it holds whether or not listed in the Guide to the Publication Scheme unless identified as not available under one of the exemptions provided for by the legislation. Any documents routinely available to the public are noted in the Guide in the descriptions of the different classes of information.

Some documents covered by the scheme are published in electronic format via the college's website at www.walsallcollege.ac.uk or other websites as indicated. Other documents are only available in hard copy and will be provided on request. We ask that requests are made in writing and a response will normally be made within 20 working days. A Freedom of Information Request Form is attached to this policy as Appendix 1.

Page 1 of 20	Review Date: August 2023

Charging Policy

Charges made by the College for routinely published material will be justified and transparent and kept to a minimum.

Material which is published and accessed on a website will be provided free of charge.

Charges may be made for information subject to a charging regime specified by Parliament.

Charges may be made for actual disbursements incurred such as:

- photocopying
- postage and packaging
- the costs directly incurred as a result of viewing information

The college will consider each request and may either waive its right to charge or, if it is considered necessary for a charge to be levied, will adhere to the charges outlined in the table below.

<u>Service Provided</u>	<u>Charges</u>
Postage	Standard postage rates
Courier	Courier charges incurred by the college
Photocopying	A4 Black on white single sided £0.05
	A4 Black on white double sided £0.10
	A3 Black on white single sided £0.10
	A3 Black on white double sided £0.20
	A4 Colour print single sided £0.10
	A4 Colour print double sided £0.20
	A3 Colour print single sided £0.18
	A3 Colour print double sided £0.36

The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004 (the Fees Regulations) govern the College's ability to charge for information requests under the above acts. The regulations detail the requirements placed upon public bodies on what is considered appropriate for them to charge for requests, made under the Freedom of Information and the Data Protection Acts. Full details of the regulations can be found under www.legislation.gov.uk. In summary, the College is allowed to charge a fee for providing information in response to a Freedom of Information Act 2000 request, and the fee must be determined in accordance with the Fees Regulations.

The College does not have to comply with a request for information if the cost of compliance exceeds the appropriate limit, as set out in the Fees Regulations. The appropriate limit for the College is £450.

Ref : Freedom of Information – Publications (Version 2)	Issue Date: November 2021
Page 2 of 20	Review Date: August 2023

The College must still confirm or deny whether it holds the information requested, unless the cost of this alone would exceed the appropriate limit.

In estimating whether complying with a request would exceed the appropriate limit, the College can only take into account the costs it reasonably expects to incur in:

- determining whether it holds the information;
- locating the information, or a document containing it;
- retrieving the information, or a document containing it; and
- extracting the information from a document containing it.

Contact and Complaints

The contact for requests for documents, questions, comments or complaints about this policy or the publication scheme is:

The Data Protection Officer
Walsall College
Littleton Street West
Walsall
