

### Team Challenge!

Designed with teamwork in mind, students work together to overcome challenges.

Delivered by our highly professional protective services tutors using their years of experience in the workplace or forces. These fully charged fun packed sessions will explore discipline, leadership and citizenship. This can be delivered as practical session by our team onsite or streamed live as a classroom based activity.

### COME FLY WITH US

Students will explore the world of travel, tourism and aviation and discover the variety of careers available. The interactive workshop incorporates role-play, practical work and theory, providing an insight into the courses available.

### Cook along

A taste of catering!

Create tasty dishes and give students the opportunity to learn how to cook from a professional chef. This workshop can be adapted to take place in our industry standard kitchen facilities or we can stream it live to your classroom.

### TAKE THE STAGE

Putting the students centre stage, this workshop can either focus on Acting or Dance and will provide the group with an insight into what studying Performing Arts entails. This workshop can be delivered onsite at the College or be bought out to the school.

### Take a tour

Available all year

Sometimes the best way for students' to understand what college is all about is to see it first-hand. Whether you have a couple of hours or a whole afternoon, we can tailor a college tour based on your students' interests. If you can't visit the college - we can stream our tour live combined with a Q&A session with some of our course tutors.

Walsall College

CEIAG 2022-2023

# Services for Schools

Help find the right path for your students

### Zoom in at lunch time

Virtual drop in sessions can be delivered over Zoom for students to have a one to one chat with our team about the college.

### How to Apply

Let us take students on a step by step journey through the application process, offering them support as they complete and submit their application.

For more information or to book a talk, taster or visit, call 01922 688879 or email [events@walsallcollege.ac.uk](mailto:events@walsallcollege.ac.uk)

### digital innovation hub

Join us in the Digital Innovation Hub and let our gurus introduce your students to the world of virtual reality. During this session students will use state of the art technology to create their own room, VR will then allow them to completely immerse themselves in the space.

### T-LEVELS

THE NEXT LEVEL QUALIFICATION

#### T Level Presentation for Teachers

REGISTER FOR YOUR BRIEFING

The 2 year qualification will bring classroom and work placement together on courses designed with employers to get students ready to progress on to HE or employment. We would like to invite you and your colleagues to attend a presentation to tell you more about the benefits of studying a T Level.

AUTOMOTIVE • ENGINEERING • DIGITAL CONSTRUCTION • CHILDCARE HEALTH • BUSINESS AND FINANCE

### YOUNG chefs ACADEMY

Free Cookbook!

Our Young Chefs Academy is the perfect place to get your students started on the first steps to a career in the hospitality industry. During the 6-week course, our tutors will give them the knowledge to prepare and cook a wide range of starters, main courses and desserts. Full training and a free cookbook will also be on the menu.

Cost: £49  
Ingredients/equipment will be supplied

### SEND Transition Programme

We offer bespoke packages of 5 Day Provision for students with Learning Difficulties and/or Disabilities. The packages centre around an existing programme from our range of courses from Pre-Entry to Level 1. To be eligible, the young person must have an Education Health and Care Plan (or currently transferring from a Learning Disability Assessment) and be aged 16-24.

### SCHOOL LINKS PROGRAMME

A great opportunity for your 14-16 year old students to experience vocational training and gain an industry-recognised qualification whilst studying at school.

### What stereotype?

Breaking the mould and challenging misconceptions. These workshops will get students thinking about careers in areas they may never have considered before, particularly within the construction industry. Our stereotype busting talks can be delivered virtually, or as part of a college or school visit. Either way students will leave knowing that there are so many different career paths available to everyone.

Workshops include: Childcare, Health, Hair, Fashion, Computing, Engineering, Construction, Travel and many more.

### Available all year TIME TO TALK

#### Alumni & Current Student Talks

Hear from our current students about their experience of studying at Walsall College and what their course involves. Alumni can also provide an insight into what they have progressed onto and the different career opportunities presented to them.

#### Introduction to Vocational Qualifications

Designed to explore the various careers students can progress into with these qualifications, this talk emphasises the importance of English and maths, work experience and choosing the correct progression route.

#### Apprenticeships

##### Introduction to Apprenticeships

Your students will gain an insight into how Apprenticeships work and how they can secure their dream Apprenticeship job. These presentations can last from 15 minutes to a full 1-hour workshop to meet the needs of your school day.

##### Introduction to T Levels

With new qualifications launching every year, during this talk students will discover how the T Level can take them to the next level combining classroom learning with industry placements.

#### Stay Local, Go Further

Did you know you can start your degree at Walsall College?

By starting a HNC program with us, your students could progress all the way to degree level.

Launching 2023 - Higher Technical Qualifications in Computing and Construction, designed with employers to ensure students gain the skills required for the sector they are entering.
