

## Creative Festival

Wed 22nd & Thu 23rd Nov 2023

Join us for our Creative Festival, a celebration of the Creative Arts this November!

Let your students discover this dynamic industry, complete with entertaining workshops and shows led by our talented tutors and students. Expect to be inspired with features from Fashion, Graphic Design, Media, Performing Arts and Music, as we take you and your students on an exciting journey surrounding all things creative.

## COME FLY WITH US

Students will explore the world of travel, tourism and aviation and discover the variety of careers available. The interactive workshop incorporates role-play, practical work and theory, providing an insight into the courses available.

## Cook along

A taste of catering!

Create tasty dishes and give students the opportunity to learn how to cook from a professional chef. This workshop can be adapted to take place in our industry standard kitchen facilities or we can stream it live to your classroom.

## TAKE THE STAGE

Putting the students centre stage, this workshop can either focus on Acting or Dance and will provide the group with an insight into what studying Performing Arts entails. This workshop can be delivered onsite at the College or be bought out to the school.

## Take a tour

Available all year

Sometimes the best way for students' to understand what college is all about is to see it first-hand. Whether you have a couple of hours or a whole afternoon, we can tailor a college tour based on your students' interests. If you can't visit the college - we can stream our tour live combined with a Q&A session with some of our course tutors.

## digital innovation hub

Join us in the Digital Innovation Hub and let our gurus introduce your students to the world of virtual reality. During this session students will use state of the art technology to create their own room, VR will then allow them to completely immerse themselves in the space.

## MUSIC MAESTRO

Do you think your students have what it takes to become the next big musician? Join us for an interactive workshop as we delve deep into the world of music and give your students a dose of what studying this exciting subject entails.

## PASSION FOR FASHION

Immerse your students into the fast-paced fashion industry through our interactive workshop. Take part in practical tasks and ask questions about our fashion courses and the amazing career prospects it can lead to.

## TIME TO GET MARKETING

Let your students dream big and build their business skills as they create their perfect college. Learn the key skills of advertising, discover career prospects in marketing and chat to the experts about our college courses.

## V6 FEST

Thu 7th March 2024  
Thu 20th June 2024

Come and celebrate vocational courses with us...

Students will be immersed into an exhibition festival, interacting with a variety of subject areas: Hospitality, Business, Health & Social Care...the list goes on! Through collecting stamps on each stand and getting a taster of our courses, they will be in with the chance of winning a goody bag full of some amazing prizes!

4pm - 7pm

## T-LEVELS

THE NEXT LEVEL QUALIFICATION

### T Levels for Teachers

REGISTER FOR YOUR BRIEFING

Find out how T Levels can benefit your students in our introductory presentation. These 2-year qualifications have been designed by leading employers to provide learners with vital skills for the workplace. T Levels combine classroom learning and industry placement to get students ready for HE or employment. Register now to find out more about this exciting new way of learning.

Automotive, Electrical, Engineering, Digital, Construction, Childcare, Health

## YOUNG chefs ACADEMY

Free Cookbook!

Our Young Chefs Academy is the perfect place to help your students kickstart their journey towards an exciting career in the hospitality industry. During the 6-week course, our tutors will give them the knowledge to prepare and cook a wide range of starters, main courses and desserts. Full training and a free cookbook will also be on the menu.

Cost: £49  
Ingredients/equipment will be supplied

## SEND Transition Programme

We offer bespoke packages of 5 day provision for students with learning difficulties and/or disabilities. The packages centre around an existing programme from our range of courses from pre-entry to level 1. To be eligible, the young person must have an Education Health and Care Plan (or currently transferring from a Learning Disability Assessment) and be aged 16-24.

## SCHOOL LINKS PROGRAMME

A great opportunity for your 14-16 year old students to experience vocational training and gain an industry-recognised qualification whilst studying at school.

## STEAM FAIR

Interactive Event!

Get in touch for more info

Discover the innovative world of STEAM at this exciting event.

Explore interactive, hands-on activities, meet and connect with industry experts and give your students the chance to be inspired in a wide range of subjects and careers. A spectacular showcase of science, technology, engineering, arts and maths will guarantee an engaging learning experience for your students.
