2 TRAINING AND RECRUITMENT

Right People, Right Attributes

Having a workforce with the right qualifications helps, but we all know that employers need something more from individuals if they are going to have a real impact on business stability and growth.

Whether they are full-time students, work-based/distance learners or apprentices - Walsall College Graduates are encouraged to be skilled, professional and enterprising.

This way, when they are in the workplace they are in a great position to make a more valuable contribution to the business objectives of their employer.

Whatever your skills needs, and the size and nature of your company, the training programmes and services we offer aim to futureproof your business.

At a glance...

- A free recruitment and selection service
- Apprenticeships/T Levels
- Work-based, professional and higher level courses
- Tailored and bespoke training
- Specialist short courses
- Pre-recruitment training packages
- An undergraduate industry placement service
- An Apprenticeship-Levy advice service
- Industry forums
- Industry-based employer boards
- Meeting, conference and events space

Our team of experts can ensure you get the very best out of the training opportunities available.

Some of the employers we work with:

The Apprenticeship Way

Tailored, flexible and personalised - Apprenticeships have fast become the most effective way of recruiting and retaining staff.

Give your workers the chance to gain job-specific skills through a combination of workplace and offsite training. Qualifications are available from level two through to degree-level, so there's something for everyone to study.

Hiring an apprentice

With over 1,500 apprentices training with us, we are one of the West Midlands's biggest providers of apprenticeships.

From the moment you decide you want to recruit an apprentice, to the completion of their training programme, we are with you every step of the way, providing:

- advice on the right apprenticeship framework or standard for your industry or business needs
- identifying funding sources based on the apprentice, the programme and size of your business
- advertising your vacancy(s), screening candidates and recruiting the best individual(s) for the job
- easy online tracking using our award winning digital platform Smart Assessor

Flexible learning

We appreciate there are growing demands on employee's time, which is why we've developed adaptable learning solutions suited to the needs of employers. Our partnership with award-winning course provider, Kaplan offers employees flexible online teaching combined with independent learning-that is accessible at any time from any digital device-delivers the ideal balance between supporting employees and ensuring minimal disruption to employers.

Experienced tutors are on hand to provide guidance and encourage discussion, with online lessons containing comprehensive video lectures and exercises to further enhance learning without compromising on work or personal commitments. Our flexible learning courses include:

- AAT Level 2 Certificate in Accounting
- AAT Level 2 Accounts and Finance Assistant Apprenticeship
- AAT Level 3 Assistant Accountant Apprenticeship
- AAT Level 3 Diploma in Accounting
- AAT Level 4 Professional Diploma in Accounting
- AAT Professional Accounting or Taxation Technician Apprenticeship

Support filling job vacancies

If you have an immediate vacancy to fill and struggle to find the time to advertise roles, source candidates and train recruits then let us do the work for you.

Our industry gateway programmes bring jobseekers together, developing their skills so they are better placed to fill in demand roles quickly. Free, customisable short programmes are available in sectors including construction health, retail and warehousing, enabling employers to diversify their workforce and provide consistent high quality training.

Do you have a language issue in your workforce?

Employers can access free courses to improve the communication skills for staff whom English is not a first language.

Training can be provided at company premises for a minimum of 33 weeks. It can also be adapted to fit in with your organisation's operational needs and the language abilities of your employees.

Call **01922 688533** to find out more.

English and maths in the workplace

Supporting you to develop the skills of your workforce is what we do. A key part of this is supporting your staff to develop their maths and English skills.

We offer fully funded* functional skills English and Maths qualifications at times that suit you and your staff so that learning fits around their work and home life. We are able to create bespoke groups or your staff can join one of the classes we already have in place.

* subject to meeting eligibility criteria

Supporting the wider community

Placements aren't the only way your business can give something back as part of your corporate social responsibility, you could:

- Host a site visit
- Sponsor a student award or facility
- Join an industry board
- Participate in our industry forums
- Masterclass talk

- create the workforce of the future

A force of bright, motivated students are here to help strengthen your organisation.

As one of the first UK colleges who launched T Levels in 2020, we are inviting employers looking to inspire the next generation, to provide an industry placement. We're already working successfully with construction giant Balfour Beatty VINCI and the NHS.

Industry placements are already helping employers go further forward, faster.

- Help nurture and develop talent for the future of your industry
- Increase the capacity of your business
- Extra resource for projects
- A more diverse workforce, bringing imaginative ideas and different skills

You'll receive support with planning at every stage of the process from your team at Walsall College.

Industry placements of around 315 hours are an integral part of T Levels, a new 2-year qualification, equivalent to 3 A Levels, that brings classroom and work together.

T Levels have been designed in collaboration with the best businesses and organisations to equip students with the skills and knowledge your business needs.

Take your business to the next level with industry placements and T Levels with Walsall College.

We offer T Levels in

- Digital Production, Design and Development
- Digital Support Services
- Construction: Design, Surveying and Planning
- Construction and Building Service Engineering (Electrical Installation Specialism)
- Education and Childcare
- Health
- Management & Administration
- Engineering & Manufacturing (Light Electrical Vehicle)
- Legal, Finance & Accounting
- Engineering

Can you offer a placement?
