# 4 REASONS TO STUDY HIGHER EDUCATION AT WALSALL COLLEGE

## **SPEND LESS**

Study our HNCs, HNDS and HTQs at a fraction of the price of university with no compromise on quality. You can even get a degree with us!

## **ACHIEVE MORE**

Our close industry links will help you get the skills that employers are looking for and put you on course for the career you want.

## **QUALITY ASSURED**

Don't take our word for it. Our HE provision, which offers small class sizes and one-to-one support, has been highly commended by HE students; praising the quality of teaching and support they receive.

## **HIGH PROGRESSION**

Each year between 87% and 90% of those graduating from our HE courses, secure positive progression into jobs or higher study.

**Jatinder Sharma CBE DL**  
Principal and Chief Executive,  
Walsall College

# WELCOME

## ... to Walsall College

With our high quality yet affordable route to achieving a degree, we make it our mission to boost your job prospects and define your potential.

If it's a successful career you're seeking, we have a wide range of courses taught by expert tutors and designed with industry input to give you the skills sought after by employers.

Read the stories of our former students throughout this guide and see the emphasis we place on giving students an advantage in the world of work. With learners coming to us straight from sixth form, some studying with us through work and others coming back to retrain for a new career, you can be assured that we will support your ambitions no matter what.

This year, we have an even wider range of career focused courses. We are one of the first colleges in the country to deliver the new Higher Technical Qualifications (HTQs), designed by employers to equip students with the skills needed for in-demand industry roles. We are also continuing to support those entering into higher education after a break, with more of our Access to HE courses now offering flexible study options for those with personal commitments. If finances have been holding you back from starting a course, you can apply for a loan to help with the cost of all of our courses, including Access to HE.

We're constantly investing in our facilities, like our Digital Innovation Hub, Digital Engineering Skills Centre and our electric/hybrid vehicle workshops to create an environment that inspires and is comparable to university campuses across the region.

All in all, we are a welcoming, personal environment where we will celebrate your achievements and nurture your aspirations. Walsall College will help you to define your potential and offer the perfect setting to prepare for your future. Your career couldn't be in better hands.

# SPEND LESS

## THE COST-EFFECTIVE WAY TO BOOST YOUR CAREER PROSPECTS

**Think you simply can't afford to get on course for the career you want? You can at Walsall College.**

Don't let rising university costs and money worries rain on your ambitions when our HI:ED courses are the affordable route. We've got a whole range of courses

that will equip you to start your career with confidence - all at a very reasonable cost. A typical HNC/D costs £6,000\* and a Level 6 top-up costs £7,500\* a year at Walsall College. That's a lot less than studying at the same level at university. And that's before deducting any awards or help you may be entitled to.

\*course fees may vary subject to course type

**There are grants and loans available to help pay for your tuition and living costs.**

### Tuition Fee Loans

You are eligible for a Tuition Fee Loan if you are a first-time, new student on a part-time or full-time course. This loan is not based on household income and there is no upper age limit for applying.

**Find out more at**

[www.gov.uk/student-finance](http://www.gov.uk/student-finance)

### Instalment Plan

You can spread the cost on any of our courses if the total course fees are over £100. You will make an initial payment when you enrol followed by three equal payments to cover the cost.

### Bursaries

If you are in receipt of student loan funding and have a household income below £40,000 per year, you may be eligible for a College grant of up to £900 per academic year (pro-rata for part time students). To find out more please enquire at the student service desk or visit our website.

### Financial help

If you are studying any HE course, there are grants and loans available to help you with living costs and tuition fees. Additional funding is available if you have a disability or children and adults who are financially dependent on you. These loans are means tested depending on household income and individual circumstances.

**Find out more at**

[www.gov.uk/student-finance-register-login](http://www.gov.uk/student-finance-register-login)

### ADDITIONAL COURSE FEES

From professional memberships to printing and photocopying, you may need to pay additional costs towards your studies which are not included in the course fee. You may be entitled to extra support to cover the cost of these additional fees depending on your eligibility.

**To find out more, please enquire at the student service desk.**

\*Must already be employed in a suitable job role.

## Learn now. Pay later.

### Advanced Learning Loans for Access to HE and Professional courses

If finances have been holding you back from starting a course, you can now apply for a loan to help with the cost of Access to Higher Education and professional course fees if you are aged 19 or over when you start the course.

Your household income isn't taken into account and there's no credit check, and repayments don't start until you are earning over £25,000 per annum.

Find out more at

[www.walsallcollege.ac.uk/advanced-learner-loans](http://www.walsallcollege.ac.uk/advanced-learner-loans)

or email our Student Finance Team on

[admissionsandfinance@walsallcollege.ac.uk](mailto:admissionsandfinance@walsallcollege.ac.uk)

An Advanced Learning Loan Bursary can lead to a total of £750, with part-time being paid at 50% of the full award. There are 5 payments in total paid half termly. Please note a relevant criteria will need to be met. Please note this loan does not apply to HNC, HND or degree/Level 6 courses.

# ACHIEVE MORE

## Industry and Employer led curriculum

Whether you're working on live briefs set by employers, attending workshops, picking up industry-endorsed qualifications or getting hands-on in the workplace, it all gives you the kind of experiences that employers love.

Our courses are developed with the help of a range of employers, giving you access to cutting-edge facilities and expert tuition from industry professionals.

Our students benefit from the expertise of organisations including: Microsoft, The NHS, Francesco Group, Birmingham Hippodrome, Walsall Council, Cisco, Balfour Beatty VINCI and The New Art Gallery, Walsall plus many more!

**Employers we work with include**

NHS  
Birmingham Hippodrome  
Walsall Council  
Francesco GROUP  
The New Art Gallery Walsall

## CELEBRATING YOUR SUCCESS

**You've done it!  
You've put in the hard work and got the qualification. It's time to celebrate!**

We believe wholeheartedly in celebrating our students' successes - so expect a graduation ceremony to rival any university. Each year, our students parade in their caps

and gowns, accompanied by the Town Crier announcing their success.

Over 450 people join in the celebration, including students, family, friends and their proud tutors. Special awards and certificates are presented to our most outstanding students.

Lecture theatre

The Littleton Restaurant

# QUALITY ASSURED

## ACHIEVE SUCCESS ON QUALITY ASSURED COURSES

**Gain a high quality education that's also excellent value for money, whilst being able to live local and maintain your work/life network.**

Our courses have been commended by the Quality Assurance Agency for Higher Education and praised for the learning opportunities afforded to students.

Small class sizes and the personalised support you'll receive from lecturers and experts in their field will increase your skills and career prospects.

### University Partnerships

Walsall College has collaborative arrangements with a number of local universities, including Birmingham City University, the University of Worcester, and Staffordshire University.

Dance studio

LEAF Electric Vehicle Training Centre

Walsall College's very own gym

Student Lounge

The Light Cinema

# LIFE OUTSIDE THE CLASSROOM

Like all college and university environments, we encourage our students to make the most of their time with us by enjoying opportunities to socialise, pursue hobbies and interests and take part in activities that will support their job and career prospects.

Here are just some of the things you can do as a higher education student:

## Student Union membership

When you enrol on a course with us, you also become a member of Walsall College Students' Union and the National Union of Students (NUS).

## Save money

Apply for a NUS Totum Card and save money at a range of leisure, retail and dining outlets. Full details & application can be found at: [www.totum.com](http://www.totum.com)

## Be a Student Representative

If you are inspired by the work of the NUS, you might want to consider taking up the role of Higher Education Officer in our Students' Union. Elections take place in October.

## Be active

Join our gym and take part in a range of classes such as yoga, football, netball, tennis, zumba and pilates.

## Get to know us

At the beginning of term, visit our fresher's fair where you can meet people, discover what Walsall College - and Walsall - have to offer, and most of all, enjoy yourself.

Make the most of discounts from the following brands plus many more!

Correct at time of print

The NUS promote, defend and extend student rights.

# HIGHLY RECOMMENDED

**TAUGHT BY SPECIALISTS AND ENDORSED BY  
GRADUATES WHO'VE PROGRESSED TO ACHIEVE SUCCESS**

**Meet some of our specialist tutors...**

Selected from thousands of nominations, Media tutor Melissa has been honoured with a Pearson National Teaching Award Gold Award for FE Lecturer of the Year for her outstanding commitment to changing the lives of the students she works with every day. She is also one of six National Teaching Awards FE Lecturer of the Year silver winners.

She has some of the highest achieving media learners in the country and her success comes from her independent production company, Future Flames Productions. Run by students, Future Flames gives learners an opportunity to gain valuable work experience on external commissions, including filming and editing videos for the NHS.

Chris has nearly a decade's worth of experience in the hospitality and catering industry, particularly in fine dining and gourmet cooking.

He began his career as a Commis Chef at the Fairlawns Hotel and Spa in Aldridge. He then went on to work in senior roles for a wide range of high-end restaurants, including the contemporary Opus restaurant in Birmingham and the Moddershall Oaks Country spa.

"One of my favourite aspects of my role as a senior chef was working with and developing young chefs, watching them progress and reach their true potential. It was a great feeling watching these chefs take on better roles and being told that I played a part in that."

MEET OUR...

# HE GRADUATES

**Olutayo Oluokun**

**Studied: Access to Health Professions**

**"I had dreamed of becoming a surgeon, but my life went in another direction when I left school. I'd recently been working as a support worker in a hospital. This showed me some of the other careers available in the NHS."**  
"My Access course and time at college have been a very good experience. My lecturers were fully supportive; all passionate about their industry and always approachable."

**Progression: Operating Department Practice Degree at Coventry University**

**Millie Clarke**

**Studied: HNC & HND Public Services (Blue Light Services)**

**Young Active Citizens Award winner, Millie aims to join the armed unit of the police.**

"I've been involved in many volunteering and community-led activities through my higher education studies, including Streetwatch public patrol and being a West Midlands Police cadet leader."

**BSc Hons Policing and Intelligence at University of Wolverhampton**

**William Miller**

**Studied: Access to Education and GCSE Maths**

"I'd implore anyone who believes they have more to offer in their career to seriously consider further study."

**James Gurdin**

**Studied: HNC and HND Creative Media**

"You learn from tutors with skill sets that you won't find anywhere else. They're patient & enjoy what they do"

**Jordan Parry**

**Studied: HNC Hospitality Management**

"It's never too late to change direction. Don't pursue something you don't really want to."

# COURSES EXPLAINED

## HOW CAN WE IMPROVE YOUR CAREER PROSPECTS?

### Everyone has access to Higher Education

#### Access Courses (pre Higher Education)

- Prepare you for progression to Higher Education. They focus on developing the transferable skills required for HE and provide a vocational foundation to build on.

#### Higher National Certificate (HNC) Level 4

- Equivalent to the first year of university and are Nationally recognised, career focused BTEC qualifications. They reflect industry demands and are respected by employers and are a good route into employment or further study. You can progress onto a HND or a degree and they can also be studied part-time or full-time.

#### Higher National Diploma (HND) Level 5

- Equivalent to the second year of university, HNDs are nationally recognised, career focused BTEC qualifications. You are able to specialise in industry areas and work towards professional membership. They can take two years of full-time study or one year following a HNC. You can progress into your career, the third year of a degree course or a Level 6 top-up course.

#### Foundation Degrees - Level 4 and 5 Equivalent to 2nd year of university

- Get the knowledge and abilities employers want and develop skills in specialised areas, based on the latest industry practices. Usually lasting two years, they're designed with employers to make them directly relevant to your career. Study for an extra year at university and you could top it up to a full degree.

#### Professional Qualifications

- These are vocationally relevant higher level courses to further enhance your skills and career prospects.

#### Level 6 Top-Up Degrees

- One-year top-up degrees in certain programmes, designed to convert an existing qualification at Level 5 into a full BA honours qualification at Level 6. It's aimed at successful HND/FdA (or equivalent) graduates who want to gain an affordable, accessible university level qualification.

#### Higher Apprenticeships

- These are a great way to continue workbased learning at HE level. They offer opportunities to enrol on a Foundation Degree, HND, Diploma in HE and Degree Courses (you may need additional qualifications for some higher level courses).

#### Recognising Prior Learning (RPL)

- The credits you've achieved at Level 4 HNC can contribute towards your Level 5 HND. Most of our Level 5 HNDs are 'top-up qualifications' which recognise the learning and expertise you already have.

### What do I need for a HE course?

Usually one or more of these Level 3 qualifications:

- BTEC/OCR/C&G national qualifications
- Advanced Apprenticeships
- A Diploma
- A Levels
- T Levels
- NVQ Level 3
- International Baccalaureate
- Other specialist and professional qualifications
- Relevant work experience
- Access to HE courses

Entry requirements vary. Some courses may require grade C/4 or above in GCSE English and Maths.

**Talk to us on 01922 657000 for personal, tailored advice.**

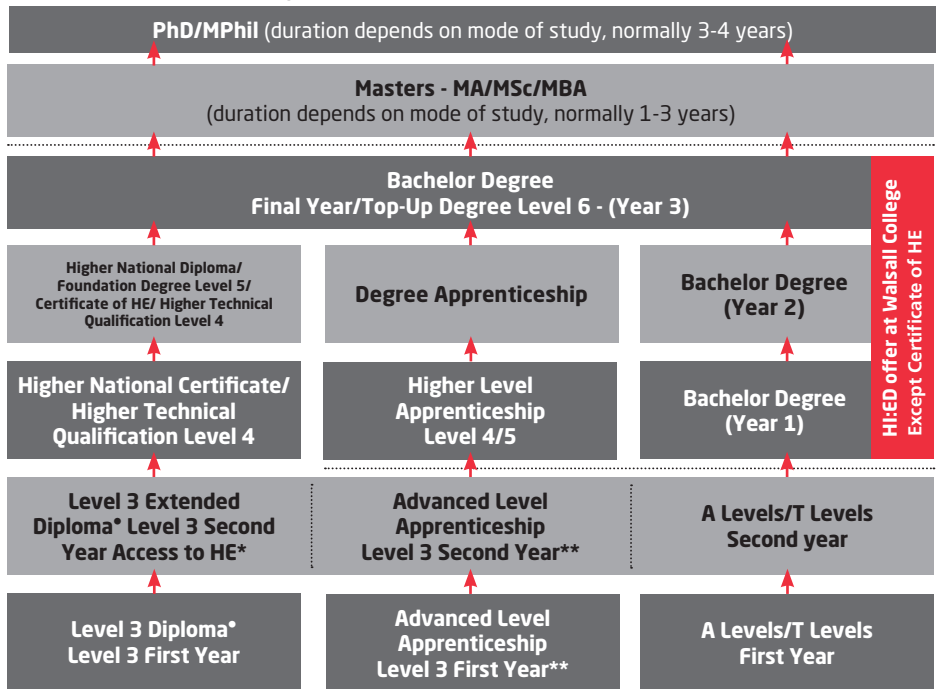

# YOUR ROUTE TO A DEGREE... AND BEYOND

**There's more than one way to get the qualifications to advance your career.**

Everyone comes into higher education in different circumstances and with different needs and ambitions. So, if you want to shape your higher education journey differently then we can make this happen; giving you the freedom and flexibility to progress in your journey how and when you choose.

Get to grips with how different HI:ED courses work and how they can provide a cost-effective route to a degree.

\*Access to Higher Education courses are for students aged 19+ only  
 \*\*Level 3 Advanced Apprenticeships can take 1-2 years to complete

## What do our students love about HI:ED?

“There is a small group of students in each class which allows you to have more one-to-ones with tutors to check understanding and enhance learning. Compared to uni, the course fees are appealing.”

“My tutors were very inspiring and encouraged me to believe in myself.”

“Smaller class sizes, personalised tuition and outstanding support!”

# HOW TO APPLY

**You've seen what we can do for you, now it's time for you to define your potential! Apply now and get your career moving.**

### **How to apply for a full-time course**

- Apply through **UCAS**, the Universities and Colleges Admissions Service system.
- Apply **from Sept 2023** for courses starting **2024**.
- Make sure **UCAS** receives your application by **31 January 2024**, unless it's listed with a **15 October 2023** deadline.
- If you apply **after the deadline**, the College will consider your application on an individual basis if places are still available.
- Find out more at **www.ucas.com**

### **How to apply for Access to Higher Education Courses**

- Apply directly to **Walsall College**, do not apply through UCAS. There are fees attached to these courses. For more information, call our Customer Advice and Support Centre on **01922 657000**
- You can now apply for an Advanced Learning Loan to cover tuition fees for an Access to HE course. Find out more about an Advanced Learning Loan at **www.walsallcollege.ac.uk/financial-help**

### **How to apply for a part-time course**

- Apply directly to **Walsall College** on a college application form (either available online, or call us to request one). Once we have received your application we will arrange an interview with the relevant admissions tutor.

### **How, where and when do I apply for financial help?**

- Loans are available to help pay for your tuition fee and living costs. Additional support may be available for full-time students if you have a disability, dependants and children. You should apply as early as possible - don't wait until you've been offered a place on a course.
- Find out what's available and how to apply at **www.gov.uk/student-finance**
- Get advice on **0300 100 0607**  
Monday - Friday: **8am - 8pm**  
Saturday and Sunday: **9am - 4pm**  
Textphone: **0300 100 0622**
- Estimate your costs for full-time study in advance with the Student Finance Calculator at **www.gov.uk/student-finance-calculator**

# WALSALL COLLEGE GRADUATE

**It's not just about learning how to organise an event, 3D modelling or designing websites. At Walsall College, you'll learn so much more than that!**

You'll leave us as a well-rounded individual, ready to make an instant contribution to your career - with a whole range of skills that employers want, from team working to problem solving and communicating.

- **Be skilled:** You will have the commercial skills needed to thrive in your chosen industry sector.
- **Be professional:** You will have the additional qualities which will help you stand out against the competition and excel in your career.

- **Be enterprising:** You will have the intuitive skills that will help you to be flexible and adaptable to the changing and challenging world of work.

**"95.5% OF OUR STUDENTS WOULD RECOMMEND WALSALL COLLEGE."**

## ENTRY REQUIREMENTS

**Entry on to our higher education courses is assessed on an individual basis. Qualifications, subjects studied and exam grades are the key measures taken into account, however industry experience and enthusiasm are also highly considered before a decision is made.**

Applicants are required to attend an interview to help determine whether the course is suitable for them. The interview stage also allows you to ask questions about the course or the college, with a representative from the curriculum team.

Interviews for some courses may also involve additional aspects, such as a review of your portfolio work for creative courses. This will be made clear in your invitation letter. In some cases, it may be a course requirement for you to achieve a Level 2 qualification in either Maths and or English in order to progress to higher levels.

It is also likely that applicants will be asked to take an initial assessment at the college to help assess if they require any additional support whilst on the course.

Finally, some courses set an introductory task for students to complete in their own time before enrolment starts. This is designed for you to get a feel for the course which we hope will excite you as your start date approaches.
